School Description

Welcome to Heritage High school! Heritage High School is home of the Patriots, a Title I Academic Achievement School, 2013 CIF Football Champions, and an AVID National Demonstration School. We also have an exemplary counseling program, that was recently recognized as a Model of Excellence for Riverside County Office of Education. Our Agriculture/FFA program is the 7th largest in the country and the program has also received numerous awards. Our population of approximately 2,800 students continue to create a culture of LEGACY. Each day, our students and staff focus on building a LEGACY through Leadership, Excellence, Generosity, Academics, Charter, and Opportunity. Building a LEGACY is our credo and something special that we truly strive to uphold on a daily basis, not just something we talk about. It is our mission and core belief system. We hold ourselves to high standards, and take responsibility to live up to the tenets of LEGACY to continue building a tradition of success.

Heritage High School has amassed a number of accolades during our short history as a school. We attribute this to our outstanding staff, a dedicated student body and incredible families who support academic, artistic and athletic achievement. We have built a partnership with our families as we realize a successful education is a joint venture between school and community. Our staff believes we have a responsibility to deliver on the expectations we promote through LEGACY.

Whether you are a student, parent, or community member, you will find a wealth of important information on our website including registration materials, activities calendars, newsletters, clubs, links to staff contact information, as well as club and program pages to name just a few. Please take time to explore our website, review our programs, the student/parent handbook and other communications that exists. Again, welcome to Heritage High School and we start another great school year. Be a part of the Patriot Family, and help us "Build a LEGACY" of success!

Mission Statement

The mission of Heritage High School is to provide a rigorous academic curriculum in a safe and caring environment that promotes all students' maximum success in the larger community.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

All textbooks used in the core curriculum at Heritage High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Wednesday, September 20, 2017, the Perris Union High School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 5:11-12 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2016-17 school year, Perris Union High School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district makes a great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Heritage High School's original facilities were built in 2007; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

Ongoing facilities maintenance includes plumbing, electrical and HVAC repairs. Artificial stadium field turf maintenance. Classroom L126 upgrades for Makerspace use. Gym floor refinishing project. LED Lighting upgrades throughout exterior of campus

Every morning before school begins, the custodian and plant manager inspect facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Two, day custodians and seven, evening custodians are assigned to Heritage High School. The day custodians are responsible for:

- Cafeteria setup/cleanup
- General grounds maintenance
- Lunch area setup/cleanup
- Restroom cleaning

The evening custodians are responsible for:

- Classroom cleaning
- Common use area cleaning
- Office area cleaning
- Restroom cleaning

The Heritage staff considers all facilities to be a high priority. For this reason, all restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed.

No capital facilities projects are occurring at Heritage at this time.

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

English Learners	108	96	88.9	8.3				
Students with Disabilities	73	70	95.9	31.4				

Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Heritage High School openly encourages parents to become involved in our school and their child's activities! Parents are encouraged to get involved by: volunteering, participating in a decision-making group, participating in an "activity support group," viewing their child's grades online or simply attending school events.

Parents stay informed on upcoming events and school activities through flyers, parent conferences, progress reports, the school marquee, school website, and BlackboardConnect (automated telephone message delivery system). Contact the school office at (951) 940-5447 for more information on how to become involved in your child's learning environment. We also communicate with our parents on a daily basis through our Infinite Campus, student information system. Through Infinite Campus, parents can view their child's grades and daily attendance in real time. By constantly monitoring their child's academics and attendance, our parents are partnering with teachers to support student efforts at school and at home. If you do not have an Infinite Campus log-in account, we encourage you to contact our counseling department and create an account today! Accounts are free and can be accessed via computer, tablet or smart phone. There is a parent-community liasion at our school who works directly with our parent community to involve them in our teaching/learning experience. Below are some ways that parents can participate:

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Comprehensive School Site Safety Plan was developed for Heritage High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed July 2016, updated July 2016, and discussed with school staff in August 2016.

Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Heritage High School supports ongoing professional growth throughout the year on Collaboration Fridays. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula. In addition, every Monday is a "late start" Professional Learning Communities (PLC) day. During PLC's, teacher, counselors and administration work together in various forms of staff development activities. Topics addressed during Monday PLC meetings include: data on formal and informal assessments, grade analysis, best practices, WASC, school safety, A-G completion rates and AVID. Heritage High School's teachers have attended the following events hosted by the Perris Union High School District:

- * AVID/WICOR Strategies
- * Instructional Technology (Google Classroom, Haiku)
- * Project Based Learning
- Intensive Intervention Training
- EADMS Data Systems
- Advanced Professional Learning Communities
- Academic Vocabulary Training
- Technology Training
- Common Core State Standards Training
- Safety Trainings
- Special Education Compliance Monitoring Training
- * Positive Behavior Intervention System

Heritage High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Career Technical Education Programs

Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. During their freshman year, students meet with the counselor to discuss their four-year academic plan and are introduced to all of Heritage High School's technical and career education programs; the counselor meets at least once a year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses. Heritage High School offers the following programs that promote leadership, develop job-related skills, provide on-the-job experience, and increase interest in school. Some of these "workforce preparation" opportunities include:

- Career Technical Education (formerly known as Regional Occupational Programs)
- Career Pathways

Individual student assessment of work readiness skills takes place through:

- End of course exams
- Completion of course-required projects
- Classroom observation
- Senior Portfolio

Regional Occupational Programs (ROP) are offered in partnership with the County Office of Education. A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education.

During the 2015-16 school year, Heritage High School offered the following career technical education programs as elective courses:

- Agriculture
- Art, Media and Entertainment
- Bio-Medical
- Computer Information Technology
- Engineering

Students at Heritage High School have access to CTE courses off campus through the Perris High School District, as well as alternative locations through city partnerships.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
