### **School Description**

The vision of ScholarPlus will be a caring, diverse, and supportive learning environment in which all are committed towards working in relationships to foster innovative and creative learning opportunities. The mission of ScholarPlus is to create high quality relevant learning opportunities for all in a safe and caring environment. We will develop a high quality, caring staff who will be dedicated to learning, and connect students to their education and potential goals. We will care for all students while developing a growth mindset through collaboration, creativity, communication, and critical thinking.

Our site has adopted four goals. The first goal is that all students will attain proficiency in all academic areas. The second goal is that all students will graduate from high school prepared for post-secondary and career options. The third goal is that all departments and sites will provide a safe and positive learning environment for all students and staff. Our fourth goal is to secure and strengthen home-school-community connections and communications. All activities implemented fall under each goal.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students

ELA		25.0		39.0		50.0
Math		6.0		15.0		38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

### **C. Engagement**

#### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### **Opportunities for Parental Involvement (School Year 2018-19)**

Parents involvement is a crucial component to our site. Parents and students are invited to a program orientation before enrollment. Administration will provide an overview of the program, review expectations, and answer questions. In addition, teachers will provide a demo lesson on the learning platform explaining log-in procedures, note taking, test taking expectations, assignment completion, and grading. Parents and students will then meet the counselor for a credit analysis, creation of a schedule, and post graduate planning.

Once the student is enrolled, parents are required to meet with their student’s supervising teacher on a bi-weekly basis to review their student’s progress. Parents may meet with the supervising teacher via: face-to-face, telephone, or via google hangout conferencing. Other opportunities for parent involvement include monthly meetings: Coffee with the Principal, the Western Association for Schools and Colleges (WASC), and Parent Engagement Leadership Involvement (PELI)/African American Parent Advisory Committee (AAPAC). Parents are also encouraged to attend field trips and onsite special events such as our Youth Mental Health First Aid Workshops and Night of Hope. These events provide students, parents, and families with the education and resources regarding mental health.

#### **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### **School Safety Plan**

The school site plan includes four major sections which include; school and district philosophy statements, assessment of current status of school crime committed on school campus and at school related activities, identification of appropriate strategies and programs that provide or maintain a high level of school safety, and recommendations for improvement. The plan was rewritten in collaboration of staff and administration during the 2017-2018 with the addition of our site to the campus. The plan was reviewed with the staff and approved by the school site council in March of 2018. The plan was then presented to the board for final approval.

The plan was revisited in August of 2018 with the site. The site coordinators and administration reviewed the plan, reviewed the calendar for drills, and reviewed assigned roles. All staff completed the Keenan and Hour Zero training in September 2018. The safety plan is uploaded to the district website for parents and students to review.

\* One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

#### Professional Development provided for Teachers

Our site's primary focus/major areas for staff development are our four site and district goals which include; student assessment, student data and interventions, post-secondary planning in college and career, safety, and family engagement. We also focus our training on standards for online learning, independent study, and personal/social student support.

Professional development opportunities are scheduled before and during the school year. In addition, professional growth opportunities are scheduled throughout the year at the Student Service Center and at the site. Staff is also provided opportunities to attend workshops and conferences outside the district based on need and interest. During the 2017-2018 and 2018-2019 school years, staff participated in a variety of professional development opportunities throughout the school year. In August of 2017, we began the year with district-wide professional development. Teachers were given the opportunity to sign-up for workshops in areas related to their role and interest. In 2018-2019 professional development was scheduled in October. All staff district wide participated in Professional Learning Community workshops each year. Other areas of training for the site included the annual California Consortium for Independent Study conference in November. Site visits to local online schools in Riverside and San Bernardino Counties were also scheduled during the first and second semester.

The staff is supported in their professional development throughout the year during professional learning communities (PLC), scheduled collaboration time, teacher-principal meetings, teacher-to-teacher collaboration, support staff-teacher meetings, and counselor-teacher collaboration. Student data is reviewed weekly during PLC to review student progress and identify student interventions to support student learning.

### Career Technical Education Programs

We offer a variety of programs and meaningful opportunities to support students' college and career development. Our site has contracted with Think Together to hire a coordinator for the site. Our coordinator's primary responsibility is to provide daily work development workshops for all students. He provides workshops in resume writing, filling out job applications, dressing for the interview, and mock interviews. Students can also participate in work experience. Students are required to maintain a 2.0 GPA in order to acquire the work permit. Our Think Together Coordinator and a certificated staff member work with our students throughout the process.

Our site participates in the district-wide Kick off to College (KOTC) activities during October. This is a school-wide event and all students participate in all workshops scheduled. We partner with local businesses, community colleges, universities, and vocational programs to schedule guest speakers. Our local business guest speakers present pertinent information related to their field, the education and certification required, potential salaries, and job outlook. Our college and university speakers present information regarding the school, degree opportunities, and financial aid. We schedule monthly field trips to local colleges, universities, and vocational programs to provide students an opportunity to tour the campus, review degree programs, and meet with school representatives.

Upon enrollment, all students and parents meet with the counselor to complete a credit analysis and discuss post-graduate plans. All students general education, 504, and students with disabilities are monitored. Student progress is monitored throughout enrollment to ensure academic success of all students. Parent bi-weekly meetings are scheduled with the supervising teacher to monitor students' progress, identify areas of strength, and identify interventions if needed. 504s and IEPs are reviewed annually and when needed.

Dian Martin, Director of Categorical Funding is the representative for district's CTE advisory committee. Industries represented on the committee include the Perris Union High School District and Judy Mountain, Perris Valley Printing serves as out Chairperson.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
