- The District is hosting a COVID Vaccination Clinic at Heritage High School.
- Mr. Brad Crager, English teacher at Perris High School passed away from COVID this past weekend.
- Dr. Edwin Gomez, Riverside County Superintendent toured Liberty High School on January 14th.
- Lastly, Mr. Bennett shared that Paloma Valley High School eSports Team is representing the entire County of Riverside in competitions.

ORAL REPORTS (cont.)

9.3 CSEA President Josh Rushing

CSEA President, Josh Rushing congratulated the returning Board members on their re-election and also welcomed Trustee Vallejo. He stated that he hopes to continue to have a nice collaborative relationship with the District and as things come up they are able to solve them without having to use this forum to take care of them. He wished everyone a Happy New Year and to please stay safe and healthy.

9.4 PSEA President Jason Miller

Jason Miller, PSEA President submitted the following video statement:

A moment of silence, please, for Brad Crager an English teacher, PSEA officer, friend and an all around great guy that passed away from COVID this last weekend. Thank you. Yesterday, the representative council approved a resolution that contains this message and believes it is time to go to virtual learning for the rest of this semester. We asked that the Board and Cabinet consider this, we understand that this item will not be considered until a later Board meeting. Other local districts have gone to virtual learning for the rest of the semester. Virtual learning is what a majority of members want to continue to remain safe in the classroom. Our latest survey shows seventy-seven percent of the PSEA members that voted want to continue on virtual learning. These results have been consistent since July 2020, among the PSEA members, as we have had ongoing surveys with this same question. Going to Distance Learning for the remainder of the semester has some advantages. First and foremost, it keeps staff and students safe. There has been an increasing number of PUHSD educators and students and students' families coming down with COVID. Virtual learning for the semester also helps with planning. It helps with keeping confusion and chaos out of the classroom for our students. Students are getting used to the virtual learning environment, and it would not be good practice to have sweeping changes for the students during the semester. And, of course, virtual learning comes with costs. Virtual learning for the rest of the semester is what is best for staff and students, both for their education and their safety. You may hear the argument that COVID is a hoax and that the numbers are not real, COVID is not a hoax and the numbers are real. I know some individuals personally that are working in health care, some very close to me, and they have told me the conditions of local hospitals over the last several months. I hope that no one has to find out the hard way how real it is. The hospitals are surging way past capacity. They're filling up beds, converting cafeterias into beds and filling those beds, bringing extra refrigerated trucks to hospitals because they're morgues are full. Nurses are caring for far more patients than legally allowed because of state waivers for COVID. Hospitals are having to bring in more and more traveling nurses and even sometimes calling on National Guard nurses because they are overwhelmed. Some people that have caught COVID have reported two to three hour waits in ER's, even with fairly serious symptoms in some local counties. Paramedics have been told they cannot transport patients to a hospital if they are not resuscitated in a certain amount of time. Even patients that do not have COVID or COVID related conditions are having to wait for medical care. Different local districts have had to continuously roll back their reopening plans, we understand vaccines are being rolled out. That does not end the pandemic overnight and vaccines may be hard to come by. Our county is nowhere near getting out of the purple tier and the County will probably still be in the purple tier by semester's end. The bottom line is that we are not likely to have conditions that allow for a safe reopening until after this semester. Please consider in the next few meetings going to virtual learning for the rest of the semester.

ORAL REPORTS (cont.)

9.5 Comments by the Board of Trustees

Trustee Freeman stated there are many people going through a difficult time and we should be there for each other. He also stated this District is a family and that it needs to continue to be a family and be there for one another.

Trustee Nelissen stated how everyone was hopeful the new year was going to be better than the previous year. However, he reminded everyone that COVID doesn't operate on any calendar. Everyone's safety needs to be taken into account even with the vaccine rolling out. COVID will not disappear overnight and it's something that has to be dealt with. He asked that everyone take care of their physical, mental, and emotional health; and, to stay safe, adding that the Board will continue to make decisions in the best interest of the students, employees, parents, and community.

Trustee Vallejo shared that she was able to tour Liberty High School and thought it was amazing, stating she was a little jealous that she wasn't able to attend a school like Liberty. She also wished everyone a Happy New Year and to stay safe.

Trustee Stafford wished everyone a Happy New Year and thanked Superintendent Bennett for his leadership and Cabinet for their hard work and dedication. He asked that everyone stay safe and if anyone felt lonely, to pick up the phone and call someone.

Trustee Araux welcomed staff members, students, and families to the second semester of the school year, stating it's going to be a challenging semester. But, he is confident if everyone has the resilience and commitment to overcome these challenges, in the end everyone is going to come out stronger. He went on to congratulate staff members who were recognized as the District Employee of the Year winners along with congratulating Superintendent Bennett on his award.
