TAB 4. SEMS/NIMS Compliant Emergency Response Plan – (Education Code Section 35294.2 (a) (2) (B): 35295-35297). School districts and sites must use the Standardized Emergency Management System/National Incident Management System (SEMS/NIMS) or risk losing state assistance for emergency response-related personnel costs following an emergency declared by the state (California Government Code Section 8607 and 3100).

District Emergency Response Plan uses a core set of concepts, principles, procedures, processes, standards, and terminology that creates a common operating picture, promotes mutual goals and

responsibilities, and ultimately, ensures a more efficient and effective response. This core is consistent with SEMS/NIMS standards and includes the following management components:

1. Command and Management

- The District has adopted the Incident Command System (ICS) as the organization structure for its Emergency Response Plan (ERP). The use of ICS aligns the District with other responding entities and ensures deployment can be accomplished in a consistent, efficient and effective manner.
- The adoption of ICS includes its fourteen principles and the use of Incident Action Plans, Activity Logs and a standardize Crisis Communication Plan.
- All ICS assignments, along with position descriptions, are maintained on Hour-Zero Online.

Some examples of ICS activities include:

- Using ICS to manage all related activities before, during, and after school and campus events to provide for the safety and well-being of attendees.
- Determining, designating, and documenting in advance key personnel and their roles and responsibilities within ICS, including the chain of command;
- Determining, designating, and documenting back-ups to personnel with leadership positions within ICS;
- Integrating ICS into functional and system-wide emergency operations policies, plans, and procedures;
- Ensuring compatibility of communication devices internally and externally with local responders.

2. Preparedness

- The District has conducted risk and hazard assessments on each of its school sites and administrative buildings. These risk and hazards are documented on Hour-Zero Online and are prioritized according to a hazard index.
- Mitigation strategies have been developed to address these identifies hazards and risks. Strategies range in scope from administrative procedures to emergency protocols to facility changes/renovations.
- The District has developed emergency maps, which identify critical infrastructure, along with needed emergency maps for evacuations, lock-downs and shelter-in-place. These maps are updated annually, as needed, and are readily available to first responders through Hour-Zero Online.

- The Plan identifies a designated Information Officer, along with two alternates for the position.
- The Plan uses a “Single Source Policy, and assigns the Information Officer as the primary liaison for communicating with all stakeholders during an emergency.

5. Plan Management

- The District Plan outlines the roles, responsibilities and operating procedures for the District Emergency Operations Center (EOC).
- The EOC Team, referred to as the Administrative Command Team (ACT) is responsible for providing policy direction and clarification, along with coordinating response activities.
- The team’s role focuses on District-level activities, rather than on-site management.
- In addition, the District has an Emergency Program Coordinator, whose role it is to ensure the day-to-day management of the program is taken care of.

6. Supporting Technologies

- The District maintains a plan through the use of Hour-Zero Online, a web-application that has undergone a NIMStep evaluation.
- More specifically annual checklists, drills and training, contact information and resources are managed and tracked through the web-application to ensure the Plan remains current.
- First responders and local government authorities are able to access current information and data through the web-application, ensuring they always have the most current information at hand.

7. Training

- The District Plan includes an extensive training program that provides for training for all staff in the District.
- Training is provided in a variety of formats – online training, in person workshops, exercises and drills.
- The training includes courses specific to school operations (Lock-Down, Shelter-in-Place, Earthquake, Communications, Hold & Secure, etc.)

8. Collaboration

- The District works with local police and government partners to support its emergency preparedness activities, including involving its partners in training and providing them with access to school plans through HZ Online.
- This relationship helps the partners are able to effectively work together at time of emergency.

Classroom teacher: 1-2 days (from classroom)

Site Administrator: Up to 20 days

When a suspension of over 20 days is desired, the case goes to the expulsion board and a hearing with parents is scheduled to give an excuse/rebuttal. The expulsion board then votes on the outcome of the hearing.

Students suspended from the classroom for one-two days are sent to OCD for that period and supervised by the OCD instructor.

TAB 9. Procedure to Notify Teachers of Student who have violated Education Code 48900.

Perris High School teachers are well acquainted with where student files are kept, what information can be found in the files, as well as how to use that information. New teachers are educated on this teacher resource through Mentor workshops at the beginning of each school year. CUM files are available to check out and review during regular school hours.

In accordance with PUHSD procedures: The notification of students who have violated Education Code 48900 are now automated and teachers get an electronic message regarding students.

Process of Informing Teachers of Students Engaged in Acts Described in EC 48900

As directed in EC 49079, teachers who have students that have engaged in acts described in EC 48900, need to be informed of such, Perris Union High School District has devised this process.

Notification to Teachers: Pupils Who Have Violated or Who Are Reasonably Suspected of Violating a Subsection of Education Code 48900

Procedures for Teacher Notification:

- 1) First week of each semester the teacher will receive a list, from the school secretary, of students in their classes that are deemed to have violated or been suspected of violating one the 48900 Education Codes.
- 2) The teacher will receive daily emails of students that have had schedule changes that come to their class that are deemed to have violated or been suspected of violating one of the 48900 Education Codes.
- 3) The teacher will receive daily notification by email of students that have violated or who are reasonably suspected of violating Education Code 48900 that day.
- 4) The teacher will have access, through Infinite Campus, to a list of students in their classes that have violated or been suspected of violating Education Code 48900.

TAB 10. Sexual Harassment Policy

Perris High School adheres to the guidelines on sexual harassment set forth by the Perris Union High School District Board of Education. The Board of Education prohibits sexual harassment in the working environment of District employees or applicants by any person in any form. Sexual harassment of or by any employee is not tolerated. The Board considers sexual harassment to be a major offense, which may result in disciplinary action or dismissal of the offending employee or suspension/expulsion of any offending student.

It is the policy of the Perris Union High School District that sexual harassment is unacceptable

conduct in the workplace and is not tolerated. Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, or other verbal, visual or physical conduct of a sexual nature made by someone from or in the work or education setting.

Sexual harassment guidelines apply to school personnel, as well as students. Kindergarten through third grade students are not responsible for their behavior according to California State Law. However, students in fourth through fifth grade are subject to all legal actions under the law.

Purpose

The purpose of the policy is to provide the work environment free of sexually harassing conduct or behavior and to provide uniform guidance and procedures on this subject.

General Procedures and Definitions

Pursuant to Education Code 212.5, unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to the conduct is made either an explicit or implicit condition of employment or status for promotion.
2. Submission to or rejection of the conduct is used as the basis for an employment decision affecting the harassed employee.
3. The harassment substantially interferes with an employee's work performance or creates an intimidating, hostile, or offensive work environment.
4. Submission to, or rejection of, the conduct is the basis for any decision affecting benefits, services, honors, programs or other available activities.

Examples

Other examples of sexual harassment, whether committed by a supervisor or any other employee is:

1. Unwelcome leering, sexual flirtations or propositions
2. Unwelcome sexual slurs, epithets, threats, verbal abuse, derogatory comments or sexually degrading descriptions.
3. Graphic verbal comments about an individual's body, or overly personal conversation
4. Sexual jokes, stories, drawings, pictures or gestures
5. Spreading sexual rumors
6. Touching an individual's body or clothes in a sexual manner
7. Cornering or blocking of normal movements
8. Displaying sexually suggestive objects in the educational or work environment
9. Any act of retaliation against an individual who reports a violation of the District's sexual harassment policy or who participates in the investigation of a sexual harassment claim

The site administrator has the responsibility of maintaining an educational and work environment free of sexual harassment. This responsibility includes discussing the District's harassment policy with his/her students and/or employees and assuring them that they are not required to

endure sexually insulting, degrading or exploitative treatment or any other form of sexual harassment.

Complaint Procedures

Employees at Perris High School are encouraged to avail themselves of our internal complaint procedure if they are confronted with sexual harassment or any prohibited form of harassment.

Such internal complaints are investigated promptly, confidentially and corrective action is taken where allegations are verified.

Any employee or applicant for employment who feels that he/she or another individual in the District is being sexually harassed is encouraged to immediately contact his/her supervisor, principal, other district administrator or the Superintendent or designee in order to obtain procedures for reporting a complaint.

Complaints of harassment are filed in accordance with AR4031, "Complaints Concerning Discrimination in Employment". Any supervisor who receives a harassment complaint notifies the Superintendent or designee, who ensures that the complaint is appropriately investigated.

All employees receive either a copy of information sheets prepared by the California Department of Fair Employment and Housing or a copy of the District's information sheets that contain, at minimum, components on:

- a. The illegality of sexual harassment
- b. The definition of sexual harassment under applicable state/federal law
- c. A description of sexual harassment, with examples
- d. The District's complaint process available to the employee
- e. Directions on how to contact the Fair Employment and Housing Department and Commission (Government Code 12950)

In addition, Perris High School educates its personnel on sexual harassment guidelines at the beginning of each school year. New District employees must sign that they have received a copy of sexual harassment descriptions, guidelines, policies, and procedures for filing a claim. Policy updates are disseminated to the staff throughout the year.

If further information, interpretation or advice is needed regarding sexual harassment, the Director of Human Resources for the Perris Union High School District may be contacted.

TAB 11. School Wide Dress Code Relating to "Gang-Related Apparel" (Education Code Sections 35294.2(a)(2)(F); 35183(a)(2), 48950)

Perris High School adheres to the Perris Union High School District dress code, which has established standards for student dress and grooming. The Board of Education expects students to represent themselves in a manner that is conducive to educational policies and standards. Each site administrator establishes, publishes, and enforces the appropriately specific dress code for their students based on the following guidelines:

PERRIS HIGH SCHOOL DRESS CODE

Perris High School seeks to maintain a thriving learning environment where mutual respect and high personal standards are established. Because of this, it is expected that clothing policies at Perris High School will be followed by all student/staff and reflect the following.

- All clothing and accessories must be school appropriate
- Clothing & Accessories must not promote illegal substances, violence, alcohol, or sexually explicit material.
- Clothing & Accessories must not discriminate against religious or ethnic groups.
- Clothing & Accessories must be free of safety pins and spikes.
- Any clothing with an image violating another dress code rule
- No strapless clothing or blouses with only one strap. (Straps may not be tied or hooked on with pins, and must be at least 1” wide.)
- Shirts must be worn at all times.
- Clothing shall be sufficient and size-appropriate to conceal all undergarments at all times.
- The bottom of the shirt and the top of the pants must meet.
- Gloves are only allowed in cold weather.
- Do Rags, Wave Caps, Bandanas, and Hair Picks are not allowed at school.
- Sweatbands may be worn during physical education classes only.
- Shoes must be worn at all times. (No slippers are allowed.)
- Under No circumstances shall a clothing item be used to conceal the identity of a student. (i.e., hoods, bandanas, scarves etc...)
- Chains are not permitted whether attached to a wallet or worn loose on clothing.
- Items that are classified as drug paraphernalia are not permitted to be worn as accessories or clothing.
- Any clothing, purse, backpack, notebook, jewelry, etc. displaying a “Hate” symbol is strictly prohibited at school.

When a new fashion trend becomes a symbol that may be dangerous anti-social, or the arrangement of specific clothing items denotes gang affiliation (I.E., Pittsburgh Pirates, and L.A. clothing with Orange County, I.E. (Inland Empire) or the number “13”); the Perris High School Administration reserves the right to prohibit such items and arrangements.

This dress code is in effect during school hours as well as during school sponsored activities. Additional disciplinary action may be imposed as deemed necessary by school authorities

TAB 12. Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School

(Education Code Section 35294.2(a)(2)(H)

(BP 3541-Transportation Routes and Services) (BP 1250-Visitors/Outsiders)

Egress and Ingress to the campus have been effectively handled at Perris High School. Both classified and certificated personnel have report times prior to student arrival.

The regular school day at Perris High School lasts from 7:45 a.m. to 2:45 p.m. The access gates are unlocked approximately at 2:45 p.m. The access gates are locked again at 3:00 p.m., with the exception of the walk through entry gate by the main parking lot adjacent to the pool. This is due to the numerous activities and sports that take place on campus.

All unauthorized persons entering the campus must sign in and identify their purpose and destination. In addition, parents or guardians picking up students prior to the end of the school day must sign in and be authorized according to emergency card information.

In the event that a student leaves our campus without permission, the parent or guardian is immediately contacted. If the parent or guardian is unavailable, law enforcement is contacted, and appropriate steps are taken to locate the child.

If, for some reason, the office is notified that a student did not arrive home at the expected time, steps are taken to verify the following:

- ❖ Who last saw the child?
- ❖ What mode of transportation was used?
- ❖ What dismissal procedures did his or her classroom teacher follow?

Once these questions are addressed, both parents and office staff follow up on the situation until the child is located, or the need for further intervention is determined.

Absence from school breaks the continuity of learning, which may lead to frustration and acting out. According to state law, our students are required to attend school each day they are physically able. Students may only be absent from school due to valid reasons for an absence as outlined in California Education Code guidelines, Section 46010.

TAB 13. Procedures to ensure a safe and orderly environment – (Education Code Section 35294.2(a)(2)(H))

An orderly environment is an integral part of a safe school atmosphere. Parent/student intake programs, Awards Assemblies, both contribute to a school culture that is both positive and well disciplined. Students are required to wear their school identification at all times. PHS provided to the students a lanyard for which students are to wear making their student identification visible to all staff members at all times. To further cultivate such an atmosphere, Perris High School has instituted a morning nutrition break, and lunch bell schedule that incorporates 2 lunch periods and minimizes student overpopulation and overlap on the campus. Students who arrive early for school are supervised by designated personnel. There is a five-minute interval between classes being safe and orderly for all students. Teachers are required to hold students in class the first and last 10 minutes of each class to effectively monitor students and promote good

attendance.

Students arriving to class late disrupt the learning process and detract from an orderly environment. Our tardy policies are rigorously followed, with the following consequences: There is a 15-minute grace period for period 1 and a 5-minute grace period for periods 2-7. During this grace period, accept students into the classroom and mark them tardy. After the grace period, campus supervisors will conduct a tardy sweep. Swept students will be placed in OCD for the rest of the period.

The new addition to the tardy policy is the lockout. After six tardies to one class, the teacher can lockout a student from entering late. It is the teacher's responsibility to keep track of a student's tardy count. As always, teachers are encouraged to contact parents if a student has been tardy numerous times. After the sixth tardy, teachers will write a referral and send the student to discipline. The discipline office will process them the first time. After that, the student can go straight to OCD.

To create a school culture that promotes self-monitoring behavior, Perris High School provides its students with an education on a wide range of safety issues. Safety assemblies are held on a regular basis throughout the year. They include, but are not limited to:

- Red Ribbon Week (substance abuse)
- Teen Impaired Safety Program
- Pre-Prom Program

Safety education is reinforced in the classroom with discussions, and special projects, such as theme posters, and writing prompts.

Teachers are required to meet and greet their students by standing outside their door prior to each period. Campus supervisors and site administrators work together to get students to class on time. Students who require school-provided transportation are supervised by assigned staff at the boarding area. Personnel remain on duty until the buses are loaded and pulling out of the parking lot.

During times of heightened air pollution (especially spring, summer, and fall) the District Office sends out a daily air quality report obtained from local government sources. This report makes recommendations of individual physical activity based upon the current air quality. Perris High School uses this to limit outside activities, especially physical education or after school athletic events, to protect the health of our students and staff. In addition to this, Perris High received a personal weather monitor which tracks the weather and can be utilized to assess conditions for physical activity.

**TAB 14. Rules and Procedures on School Discipline
(Education Code Section 35294.2(a)(2)(I);35291; and 35291.5)**

Philosophy

We believe that responsible citizenship begins in the home and is reinforced at school. The primary responsibility for citizenship instruction, therefore, rests with the parents. Freedom and responsibility go hand in hand and students have a responsibility to others in their school relationships. Good citizenship should be rewarded and poor citizenship should be discouraged. We believe all students can behave appropriately and must be held accountable for their actions.

Responsibility for following rules is the students'. Students must know the rules and regulations of the school, be responsible for their part in maintaining these regulations, be aware of the consequences when they are broken and be reinforced positively when they are conforming to the concept of good citizenship. We believe good citizenship and good academic performance are related.

The Attendance and Discipline Handbook outlines the rules as they exist and are formulated to enforce the above listed philosophy. Parents and students are expected to sign for the handbook.

Students who choose not to follow classroom or school rules receive a referral for their misbehavior. Discipline is progressive and begins with the classroom teacher. This depends upon the individual classroom teacher's discipline plan.

If the student is sent to the discipline office, progressive discipline is utilized. The student may be counseled, given lunch detention, assigned On Campus Detention for a period, assigned Saturday School, On Campus Suspension, or Off Campus Suspension to name the most common options to use. The appropriate discipline will depend on the gravity of the misbehavior and prior record.

Positive Consequences for Appropriate Behavior

Perris High School believes that when students choose to follow school rules, their positive behavior should be rewarded. As opportunities arise, special events or activities are used to reward student for positive behavior.

Teacher Selection: Panther Pride Awards

Each quarter, each teacher will select one student to receive recognition for Citizenship and/or Academic Achievement. Parents of award winners are notified by the teacher via postcard. From these, students are recommended and recognized at the Student of the Month luncheon at Sizzler.

Students who achieve various accomplishments are able to see their name in lights. Perris High School utilizes our marquee to give public praise to our students for their various accomplishments.

Juniors and Seniors are rewarded with off campus lunch passes for a 6 week period for maintaining a 2.0 or better grade point average and positive attendance.

TAB 15. Procedures adopted under SDFSCA (Safe and Drug Free Schools and Communities Act)

Perris High School Health and Safety Programs offer a combination of health knowledge, skills, and motivation. The program challenges students to achieve their personal health potential in a manner that is meaningful to them. This approach has the added advantage of fostering self-concept, personal responsibility, critical thinking, conflict resolution, and many other critical life skills.

The health curriculum includes personal/mental health, nutrition and fitness, alcohol, tobacco, and other drugs, stress management/suicide prevention, human growth and sexuality, family life, disease prevention/HIV/AIDS, safety and injury prevention, violence prevention, and community and consumer health. A curriculum connection is also provided to facilitate the integration of health activities into other educational topics, such as language arts, social skills, math, and science. A parent component is also provided. The goals of the component are to keep parents informed of the health topics being discussed, to provide an avenue of communication about important health issues, and for promoting the health of all students and their families.

PHS' Perris Valley Recovery holds groups for students struggling with Tobacco and Drug use on campus as recommended by counselors and the discipline office. Groups are held weekly in the career center. In addition, random K-9 searches are conducted weekly of random areas on campus.

TAB 16. Hate crimes procedures and policies (Education Code Section 200, 233, and 48900.3) outline the policies and procedures schools must follow in addressing hate violence. California Penal Code sections 422.6, 422.7, 422.75, 422.8, 422.9, 422.95 and 628 (Title 11.6, Civil Rights) define hate-motivated crimes.

Perris High School utilizes a variety of staff to reduce and avoid violence on campus. All staff members deal on a daily basis with students who may have minor conflicts on campus. As is the protocol, when an act of violence is committed amongst students, the counselor is notified and conducts mediation in an attempt to curb on-going or future behavior. Behavior contracts are often utilized in these instances. The school utilizes an SRO (School Resource Officer) as needed to deal with violent acts on campus. Our SRO's also work very closely with the probation department to assist them in monitoring students.

Perris High School recognizes that gangs exist locally and that students may have gang affiliations. Gang activity is not allowed on campus. The Governing Board desires to keep district schools free from the threats or harmful influence of any groups or gangs which exhibit drug use, violence or disruptive behavior. The Principal or designee shall take steps to deter gang intimidation of students and staff and confrontations between members of different gangs. School personnel will attempt to track any gang affiliation and report it to the local authorities. The school will request that this information then be forwarded to the Gang Task Force.

Clothing that may have gang implications is not allowed. This includes, but is not limited to,

belt buckles (13, 14, “P”, etc), sports team designations, hats other than district school issued hats, and tagging on any surface or item.

The Superintendent or designee shall provide in-service training which helps staff to identify gangs and gang symbols, recognize early manifestations or disruptive activities, and respond appropriately to gang behavior.

Riverside County Kids with Guns Protocol

In recent years, the nation has been stunned by violent incidents involving students on school campuses. Research indicates that these potentially violent youth do not just snap; rather, they exhibit important warning signs prior to acting out. The Secret Service found that in more than 75% of the incidents they studied, other youth knew about the attack before it occurred, and an adult had expressed concerns about the student. In more than half of the cases, more than one person had expressed concern. Over half of the attackers developed the idea to harm the target at least two weeks prior to the incident. Noting the devastation and wishing to avoid the tragic experiences of other communities which have suffered senseless violence on school campuses, a Multi-Agency Team (MAT), consisting of the Superior Court, Riverside County law enforcement agencies, in conjunction with Probation, the District Attorney, County Office of Education, local school districts, Mental Health, Department of Public Social Services and community based organizations established this Protocol.

This Protocol is to be used within Riverside County in school related incidents for prevention, threat assessment, intervention and services to youth at-risk of violence. Members of the MAT have also agreed to the uniform implementation, enforcement and reporting of incidents involving youth and guns/explosive devices. **Note:** Based upon law enforcement’s assessment of the situation, the Protocol may also be used for other weapon offenses.

The members of the Multi-Agency Team (MAT) have also agreed in principle that:

1. Law Enforcement will investigate and report the circumstances of the offense and will expand the investigation by contacting the parent(s) and/or legal guardian(s) and by making a home visit to conduct an evaluation.
2. Probation will detain the minor pursuant to a law violation and will administer the Problem Behavior Inventory instrument and coordinate the efforts of the MAT by making appropriate referrals to the various agencies. Information and assessment from the combined members of the team will be employed in determining future intervention strategies.
3. Riverside County Office of Education will respond rapidly to make available information concerning the minor to the appropriate agencies, and serve as a liaison between MAT and local school districts.
4. A Mental Health clinician will interpret the results of the Problem Behavior Inventory

given to the minor by Probation. When indicated by the results of the PBI, Mental Health will complete an assessment on cases to determine the danger of the minor to himself/herself and others. Information from other cooperating agencies will be considered while completing the assessment, which will be shared with other members of the team where appropriate.

5. The District Attorney's Office will review all reports for legal sufficiency and strictly enforce the law by prosecuting any minor found in possession of a gun, explosive device or other dangerous weapon on a school campus. Violations against the parent or legal guardian will be strictly enforced when a juvenile is found in possession of a gun, explosive device or other dangerous weapon. The District Attorney's Office will coordinate with the task force to ensure the interests of public safety and the youth.
6. Child Protective Services (CPS) will respond upon request from law enforcement to conduct family and child welfare assessment to help assess the overall well-being and functioning of other children in the home. CPS will also research its database to determine whether there is an open file or CPS history on the youth or his/her family and share the information with MAT.
7. Riverside County Office of Education, in conjunction with local school districts and Social Services Agencies, will develop an adjunct protocol to deal with threats or acts of violence, excluding acts where firearms are involved. The primary assessment tool will be the personality assessment profile developed by the Mental Health Department.
8. The Juvenile Court judge will hear and make an order on Kids with Guns cases whenever a juvenile Court petition has been filed.
9. This Protocol will be reviewed and updated annually. Within one year a database will be established by the Probation Department. Kids with Guns pamphlets will be released within 90 days.

Perris High School utilizes multiple staff members to counsel students to avoid conflict between students. The academic counselor, teachers, campus supervisors, other classified personnel, and administration are all involved to some degree working to resolve low level student peer conflicts through counseling techniques.

For more serious conflicts, the principal, assistant principal and counselors are involved in in-depth counseling. They utilize behavior and peer contracts when appropriate.

**TAB 19. Integrated Pest Management Plan
Healthy Schools Act of 2000:**

In September 2000 Governor Davis signed into law the Healthy Schools Act of 2000 (Assembly Bill 2260). This law requires schools to notify parents, guardians and school employees about pesticides used in their schools, and require the Department of Pesticide Regulation to promote the voluntary adoption of integrated pest management (IPM) practices in California schools. Most provisions of the law took effect January 1, 2001.

School District requirements of the Law:

- Notification of all pesticide products the school District expects to use on school grounds must be sent annually to parents or guardians of all students. These products include over-the-counter pesticides available at retail outlets, but do not include certain products exempted under the law. The notifications must list the active ingredients in each pesticide product and the Internet address for the Department of Pesticide Regulation (DPR) to access additional information.
- Each school will establish a list of parents or guardians who want to be notified before individual pesticide applications are made.

- Each school district will ensure that warning notices are posted in areas where pesticides will be applied. These signs will be posted 24 hours in advance and 72 hours after application of pesticides, and will contain information as specified in the law.
- Each school will maintain records of all pesticide use at the school for four years and the records will be available to the public upon request.

Perris Union High School District’s Integrated Pest Management Plan:

We have implemented a database application and other related systems to ensure that our District is in compliance with the law. In addition we have developed an “Integrated Pest Management Plan” that utilizes regular monitoring and record keeping determining if and when treatments are needed, and employs a combination of strategies and tactics to keep pest numbers low enough to prevent unacceptable damage or annoyance.

Important Guidelines:

These guidelines should be followed by all staff to assist in effectively managing the use of pesticides on our sites:

- Site staff should notify their site administrator when pest control is needed.
- Administrative staff should notify Maintenance and Operations via a work order when pest control is needed.
- Staff must not use any type of pest control chemicals at any school site.
- Staff should eliminate food stuffs in their work areas that might attract pests i.e. cakes, cookies, candies, sack lunches, sugary beverages, etc.

TAB 20. Injury and Illness Prevention Plan (IIPP) with Reporting Form for Unsafe Conditions

The Perris Union High School District is committed to providing a safe and healthful workplace for all of its employees and to providing a safe and healthful facility for all students and site visitors. To fulfill its obligation the District has incorporated an Injury and Illness Prevention Program. The intent of this Program is to prevent or minimize the probability of injuries and illnesses to workers, students and visitors, and to comply with applicable State, Federal and local health and safety codes, standards and regulations.

The Injury and Illness Prevention Program is intended to standardize various safety programs and procedures into one effective, uniform program and to ensure compliance with State and Federal safety regulations.

The Program identifies the District’s responsibilities and also defines responsibilities of the Program Coordinator, administrators, managers, supervisors and all other employees.

The components described in the District's IIPP are:

- Communication
- Identification & Evaluation of Workplace Hazards
- Corrections of Unsafe or Unhealthful Conditions
- Investigations of Occupational Injury, Illness or Exposure to Hazardous Substances
- Employee Training
- Record Keeping
- Plan Review

The District, its Board and its management pledges support of this Program to ensure that it remains a viable method of protecting all employees and all other site occupants.

TAB 21. Site Safety Inspection Checklists & Safety Data Sheets (SDS)

Perris High School participates in quarterly safety inspections conducted by campus staff. The purpose of quarterly site inspections is to help identify and evaluate unsafe conditions.

Safety inspections are part of the District's written Injury and Illness Prevention Program.

The safety inspections are documented. The safety inspection checklists are documentation of inspections and include lists of areas inspected, the date of the inspection, name of inspector, signature of site administrator, and action taken to abate hazard.

Safety Inspections are completed, signed, and sent to the District office quarterly for documentation.

Some areas on the checklist include but are not limited to athletic facilities, grounds & fields, multi-use rooms, gymnasiums & theaters.

Perris High School participates in District-wide Hazardous Materials Inspections.

Keenan & Associates, the District's Third Party Administrator for Property and Liability coverage, conducts an annual Hazardous Materials Inventory and Inspection throughout the Perris Union High School District.

The purpose of the inspection is to assist our District in obtaining a current, detailed inventory of hazardous material supplies on school sites and throughout the District and to meet the regulatory requirements under Worker Right-to-Know, Hazardous Materials Disclosure Laws, and as required by Cal/OSHA – CCR, Title 8, Section 5194.

The inventory not only provides information to management, it is also a valuable tool to be used to monitor and control chemicals in the workplace.

The inspection also provides the District with a hazardous materials survey that addresses and identifies specific conditions regarding storage, labeling, compatibility, fire extinguishers, eyewash stations, etc., which were present at the time of the inventory.

Using the chemical inventories District staff put together binders that contain Safety Data Sheets (SDS) for each item listed. These binders can be found in the staff workrooms or lounges, in the

science chemical storerooms, and in the custodial closets. In addition, electronic SDS folders have been created and are located at <http://puhsd.ca.schoolsmsds.com>.

Section IV – Recommendations for Improvement Instructions

TAB 22. **Action Plan for Component 1- “People and Programs”** - Create a *caring and connected* school climate. Part 2 of the “safe and orderly environment” requirement of SB 187 (Education Code Section 35294).

ACTION PLAN FOR COMPONENT #1- *Where do they need to be improved?*

Area of Need: Campus Supervision

Perris High School is structured in a way that does not allow for centralized student supervision because of ongoing construction. This makes it difficult to actively monitor all students during the nutrition and lunch breaks. It is imperative that we continue to place zoning limits and boundaries for students to allow for constant active monitoring for safety and/or discipline concerns. Perris High School has also worked with the Riverside County Sherriff’s Department in the Active Shooter Drill, in an effort to provide a training scenario through which law enforcement becomes familiar with the structure of our site.

Area of Need: On Campus Suspension Room

Perris High School is working on establishing consistency in the policies and procedures in the On Campus Suspension room because there are three different supervising teachers throughout the day.

Area of Need: Discipline Policy – Consistent Protocol

Perris High School has established a discipline policy that is consistent with the district governing board and state educational codes. This policy has been posted in every classroom, and students/parents have been made aware of it through the student handbooks and class posters. However, improvements need to be made in making sure that all staff/teachers enforce this policy with the same consistent means.

TAB 23. **Action Plan for Component 2- “Physical Environment”** – Create a *physical environment that communicates respect* for learning and for individuals. Part 2 of the “safe and orderly environment” requirement of SB 187 (Education Code Section 35294)

ACTION PLAN FOR COMPONENT #2 – *Have you evaluated site safety issues having to do with your buildings and grounds? What changes need to be made here?*

Area of Need: Site Evacuation Plans

Perris High School has conducted safety drills including: lockdowns, earthquake shelter-in-place, and fire evacuation. There is an apparent need to continue to educate all staff and students on evacuation protocols, specifically designated evacuation areas. There is a need to continue to practice these drills and make directives/instructions very clear for everyone.

Area of Need: Renovations to Buildings/Structures

Perris High School has ongoing renovation projects. Some of the buildings (4000's) are newer and have very adequate facilities and safeguards. Others, however, are too small or difficult to access due to the layout of the campus. The Perris Union High School District has been successful in actively seeking to pass legislation that creates funding for modernization and restructuring of our site facilities. Two current projects include the integration of new bleachers system for our site gyms and new plans for modifications of the high school stadium area as well as expanding our FFA facilities.

Area of Need: Adequate and Safe Athletic Equipment

Perris High School understands the need to have safe and adequate equipment for the use of our athletic participants. We feel that there is room for improvements in the facilities, specifically a much-needed upgrade to the JV Baseball, JV soccer field and especially making these fields also playable for JV and Varsity softball which currently play in Panther Park, which is a dangerous environment. The weight room and weight lifting equipment are also in need of improvements and renovations. Plans to initiate refurbishing of the fitness and weight room are underway.
