Unified Insights Add-On Services Statement of Work

Custom KTO

Overview

This document serves as the Statement of Work (SOW) to define the scope of a PowerSchool Professional Services project. This SOW includes add-on services that will be provided to Customer in support of their use of the Unified Insights platform.

Perris Union High School District has elected to implement the Unified Insights Local Control & Accountability Plan Module. This module consists of two, distinct parts:

- Dashboard components and Business Logic
- A managed service that updates the module to align with any annual California State policy changes.

This SOW covers the initial implementation of dashboard components and business logic. All PowerSchool services for this SOW will be performed remotely.

Prerequisites

Implementation of the following product modules:

- Unified Insights – Platform
- Unified Insights Essentials – Module

Services in Scope

Activities and Deliverables

- Deployment of state accountability dashboards (LCAP)
- Deployment of LCAP State Priority 8 – Local measures metrics. The KTO hours to deploy these metrics will be in addition to the standard deployment if they do not already exist within the current Unified Insights deployment.
- Acquisition and import of data sources for State A_G requirement metrics to align with LCAP priority four: Student Outcomes – Student Achievement.
- Acquisition and import of data sources to align with the following LCAP priorities:
 - Basic Services
 - Teachers fully credentialed*
 - School facilities in good repair*
 - Standards-aligned instructional material*
 - State Standards
 - Implementation of state standards*
 - EL access to CCSS & ELD*
 - Course Access
 - Programs and services developed for low income, EL, and foster*
 - Programs and services developed for students with learning disabilities*

*Note: the data for these indicators should be consolidated within a single flat file. PowerSchool Professional Services will provide the template and data schema for the file format.

Ongoing Project Management

- Project Planning; Project Communication; Status Reporting; Resource Scheduling; Resource Management; Risk Management; Issue Management

Customer Responsibilities

- Assign a Project Manager to act as the single point of contact to PowerSchool for coordination of Customer resources and execution of this SOW. Assign additional technical and business stakeholders as required to complete the work and validate the solution.
- Assist with final system QA and provide final system acceptance for go-live.

SOW Fees

Customer will use pre-purchased hours to perform this work. Actual hours worked will be tracked and subtracted from Customer's hours balance. Total estimated hours for this SOW are summarized in the table below:

Task / Role	Estimated Effort
Application Specialist	47 hours
Project Manager	9 hours
TOTAL ESTIMATED SERVICES EFFORT:	56 hours

NOTE: Support for product customizations is not covered by the standard PowerSchool support service provided with a product license or subscription. Support for customizations can be provided by PowerSchool Professional Services by using additional KTO hours or a custom manage service.
