In addition, when requested by a parent/guardian due to an emergency or illness, independent study may be used on a short-term basis to ensure that the student is able to maintain academic progress in the student's regular classes.

No course required for high school graduation shall be offered exclusively through independent study. (Education Code 51745)

### Equivalency

The district's independent study option shall be substantially equivalent in quality and quantity to classroom instruction to enable participating students to complete the district's adopted course of study within the customary timeframe. Students in independent study shall have access to the same services and resources that are available to other students in the school and shall have equal rights and privileges. Code 51749.5, shall not be considered funds or other things of value. (Education Code 46300.6, 51747.3)

# **Eligibility for Independent Study**

To participate in independent study, a student shall be enrolled in a district school. (Education Code 51748)

The Superintendent or designee may approve the participation of a student who demonstrates the motivation, commitment, organizational skills, and academic skills necessary to work independently provided that experienced certificated staff are available to effectively supervise students in independent study. The Superintendent or designee may also approve the participation of a student whose health would be put at risk by in-person instruction. A student whose academic performance is not at grade level may participate in independent study only if the program is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful. For an elementary student, the Superintendent or designee may consider the parent/guardian's level of commitment to assist the student.

A student participating in independent study must be a resident of the county or an adjacent county. Full-time independent study shall not be available to students whose district residency status is based on their parent/guardian's employment within district boundaries pursuant to Education Code 48204. (Education Code 46300.2, 51747.3)

A student with disabilities, as defined in Education Code 56026, may participate in independent study if the student's individualized education program (IEP) specifically provides for such participation. If a parent/guardian of a student with disabilities requests independent study because the student's health would be put at risk by in-person instruction, the student's IEP team shall make an individualized determination as to whether the student can receive a free appropriate public education (FAPE) in an independent study placement. A student's inability to work independently, need for adult support, or need for special education or related services shall not preclude the IEP team from determining that the student can receive FAPE in an independent study placement. (Education Code 51745)

In addition, any student with disabilities who receives services from a nonpublic, nonsectarian school through a virtual program may be permitted to participate in independent study if the student's IEP team determines that FAPE can be provided to the student by means of the virtual program and other conditions of law are satisfied.

A temporarily disabled student shall not receive individual instruction pursuant to Education Code 48206.3 through independent study. (Education Code 51745)

Except for students participating in independent study due to an emergency as described in Education Code 41422 and 46392 and pregnant and parenting students who are the primary caregiver for their child(ren), no more than 10 percent of the students enrolled in a continuation high school or opportunity school or program shall be enrolled in independent study. (Education Code 51745)

## **Monitoring Student Progress**

The independent study administrator and/or supervising teacher shall promptly and directly address any failure by the student to meet the terms of the student's written agreement. The following supportive strategies may be used:

- 1. A letter to the student and/or parent/guardian
- 2. A meeting between the student and the teacher and/or counselor
- 3. A meeting between the student and the independent study administrator, including the parent/guardian if appropriate
- 4. An increase in the amount of time the student works under direct supervision

When the student has failed to make satisfactory educational progress or missed the number of assignments specified in the written agreement as requiring an evaluation, the Superintendent or designee shall conduct an evaluation to determine whether independent study is in the student's best interest. This evaluation may result in termination of the independent study agreement and the student's return to the regular classroom program or other alternative program. (Education Code 51747, 51749.5; 5 CCR 11701)

A written record of the findings of any such evaluation shall be treated as a mandatory interim student record which shall be maintained for three years from the date of the evaluation, and if the student transfers to another public school in California, the record shall be forwarded to that school. (Education Code 51747, 51749.5)

## **Responsibilities of Independent Study Administrator**

The responsibilities of the independent study administrator include, but are not limited to:

- 1. Recommending certificated staff to be assigned as independent study teachers at the required teacher-student ratios pursuant to Education Code 51745.6 and supervising staff assigned to independent study functions who are not regularly supervised by another administrator
- 2. Approving or denying the participation of students requesting independent study
- 3. Facilitating the completion of written independent study agreements
- 4. Ensuring a smooth transition for students into and out of the independent study mode of instruction
- 5. Approving all credits earned through independent study
- 6. Completing or coordinating the preparation of all records and reports required by law, Board policy, or administrative regulation

Each student's independent study shall be coordinated, evaluated, and carried out under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or emergency credential pursuant to Education Code 44300, registered as required by law, and who consents to the assignment. (Education Code 44865, 51747.5; 5 CCR 11700)

The ratio of student average daily attendance for independent study students age 18 years or younger to full-time equivalent certificated employees responsible for independent study shall not exceed the equivalent ratio for all other education programs in the district, unless a new higher or lower ratio for all other educational programs offered is negotiated in a collective bargaining agreement or the district enters into a memorandum of understanding that indicates an existing collective bargaining agreement contains an alternative ratio. (Education Code 51745.6)

The responsibilities of the supervising teacher shall include, but are not limited to:

- 1. Completing designated portions of the written independent study agreement and signing the agreement
- 2. Supervising and approving coursework and assignments
- 3. Maintaining records of student assignments showing the date the assignment is given and the date the assignment is due
- 4. Maintaining a daily or hourly attendance register in accordance with Item #4 in the section on "Records" in the accompanying Board policy
- 5. Providing direct instruction and counsel as necessary for individual student success
- 6. Regularly meeting with the student to discuss the student's progress
- 7. Determining the time value of assigned work or work products completed and submitted by the student
- 8. Assessing student work and assigning grades or other approved measures of achievement
- 9. Documenting each student's participation in live interaction and/or synchronous instruction pursuant to Education Code 51747 on each school day, as applicable, in whole or in part, for which live interaction or synchronous instruction is provided as part of the independent study program

The Superintendent or designee shall ensure that independent study teachers have access to professional development and support comparable to classroom-based teachers.
