TAB 4. SEMS/NIMS Compliant Emergency Response Plan – (Education Code Section 35294.2 (a) (2) (B): 35295-35297). School districts and sites must use the Standardized Emergency Management System/National Incident Management System (SEMS/NIMS) or risk losing state assistance for emergency response-related personnel costs following an emergency declared by the state (California Government Code Section 8607 and 3100).

District Emergency Response Plan uses a core set of concepts, principles, procedures, processes, standards, and terminology that creates a common operating picture, promotes mutual goals and responsibilities, and ultimately, ensures a more efficient and effective response.

This core is consistent with SEMS/NIMS standards and includes the following management components:

1. Command and Management

with other responding entities and ensures deployment can be accomplished in a consistent, efficient and effective manner.

- The adoption of ICS includes its fourteen principles and the use of Incident Action Plans, Activity Logs and a standardize Crisis Communication Plan.
- All ICS assignments, along with position descriptions, are maintained on Hour-Zero Online.

Some examples of ICS activities include:

- Using ICS to manage all related activities before, during, and after school and campus events to provide for the safety and well-being of attendees.
- Determining, designating, and documenting in advance key personnel and their roles and responsibilities within ICS, including the chain of command;
- Determining, designating, and documenting back-ups to personnel with leadership positions within ICS;
- Integrating ICS into functional and system-wide emergency operations policies, plans, and procedures;
- Ensuring compatibility of communication devices internally and externally with local responders.

2. Preparedness

- The District has conducted risk and hazard assessments on each of its school sites and administrative buildings. These risk and hazards are documented on Hour-Zero Online and are prioritized according to a hazard index.
- Mitigation strategies have been developed to address these identifies hazards and risks. Strategies range in scope from administrative procedures to emergency protocols to facility changes/renovations.
- The District has developed emergency maps, which identify critical infrastructure, along with needed emergency maps for evacuations, lock-downs and shelter-in-place. These maps are updated annually, as needed, and are readily available to first responders through Hour-Zero Online.

3. Resource Management

- The District has an extensive inventory of emergency supplies that has been procured for all its sites. This includes:
 1. Emergency supplies in all classrooms
 2. Incident Command Post Kits
 3. Emergency Response Kits
 4. Medical trauma kits

- The District has a Crisis Communications Plan, which identifies the processes and procedures for communication before, during and after an emergency.

- The Plan identifies a designated Information Officer, along with two alternates for the position.
- The Plan uses a “Single Source Policy, and assigns the Information Officer as the primary liaison for communicating with all stakeholders during an emergency.

5. Plan Management

- The District Plan outlines the roles, responsibilities and operating procedures for the District Emergency Operations Center (EOC).
- The EOC Team, referred to as the Administrative Command Team (ACT) is responsible for providing policy direction and clarification, along with coordinating response activities.
- The team’s role focuses on District-level activities, rather than on-site management.
- In addition, the District has an Emergency Program Coordinator, whose role it is to ensure the day-to-day management of the program is taken care of.

6. Supporting Technologies

- The District maintains a plan through the use of Hour-Zero Online, a web-application that has undergone a NIMStep evaluation.
- More specifically annual checklists, drills and training, contact information and resources are managed and tracked through the web-application to ensure the Plan remains current.
- First responders and local government authorities are able to access current information and data through the web-application, ensuring they always have the most current information at hand.

7. Training

- The District Plan includes an extensive training program that provides for training for all staff in the District.
- Training is provided in a variety of formats – online training, in person workshops, exercises and drills.
- The training includes courses specific to school operations (Lock-Down, Shelter-in-Place, Earthquake, Communications, Hold & Secure, etc.)

8. Collaboration

- The District works with local police and government partners to support its emergency preparedness activities, including involving its partners in training and providing them with access to school plans through HZ Online.
- This relationship helps the partners are able to effectively work together at time of emergency.

Suspension Authority

Classroom teacher: 1-2 days (from classroom)

Site Administrator: Up to 20 days

When a suspension of over 20 days is desired, the case goes to the expulsion board and hearing with parents is scheduled to give an excuse/rebuttal. The expulsion board then votes on the outcome of the hearing.

Students suspended from the classroom for one-two days are sent to OCD for that period and supervised by the OCD instructor.

[DRESS CODE] FROM PARENT/STUDENT HANDBOOK 2014-15

The manner in which a student dresses for school influences behavior in the learning environment. Students are expected to come to school in a manner which assures adequate modesty. Student dress that causes disruption or leads to unsatisfactory behavior is inappropriate, and is not to be worn to school.

Any adult on campus may make the judgement about the appropriateness of a student's apparel and report it to Administration, which will make the final decision.

Expectations and Guidelines for Apparel

Visual examples of the dress code at The Lake can be found on our web page <http://www.puhsd.org/Domain/547>. TAB 12. Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School

(Education Code Section 35294.2(a)(2)(H) (BP 3541-*Transportation Routes and Services*) (BP 1250-*Visitors/Outsiders*)

Egress and Ingress to the campus have been effectively handled at Perris Lake High School. Both classified and certificated personnel have report times prior to student arrival.

The regular school day at Perris Lake High School lasts from 8:55 a.m. to 3:55 p.m. from Tuesday through Friday. Students arrive late on Mondays; starting at 10:00 a.m. and releasing at 3:55 p.m.

All visitors must sign in and identify their purpose and destination. Parents or guardians picking up students prior to the end of the school day must sign in and be authorized according to emergency card information – identification is required to pick up a student.

In the event that a student leaves our campus without permission, the parent or guardian is immediately contacted. If, for some reason, the office is notified that a student did not arrive

home at the expected time parents are encouraged to contact local friends, and in extreme cases, the police.

Absence from school breaks the continuity of learning, which may lead to frustration and acting out. According to state law, our students are required to attend school each day they are physically able. At The Perris Lake High School, valid reasons for an absence from school follow California Education Code guidelines, Section 46010.

TAB 13. Procedures to ensure a safe and orderly environment – (Education Code Section 35294.2(a)(2)(H))

In addition to procedures in the event of an emergency, Perris Lake High School has incorporated many safe school strategies in the daily lives of our students. They include:

- ❖ Fencing around the perimeter of the campus
- ❖ A “closed campus” sign-in policy for all visitors
- ❖ Campus supervisor AM and PM yard duty stations
- ❖ Campus safety rules signed by both students and parents
- ❖ Referral system for unsafe conduct

To create a school culture that promotes self-monitoring behavior, Perris Lake High School provides its students with an education on a wide range of safety issues through Anti-Bullying education, Red Ribbon Week, School wide assemblies, proactive supervision, relationship building with students, and presentations to staff during staff meetings.

Safety education is reinforced in the classroom with discussions, teacher conferences, and administrator support.

An orderly environment is an integral part of a safe school atmosphere. Parent/student orientation programs and awards assemblies contribute to a school culture that is both positive and well disciplined. Students who arrive early for school are supervised by designated personnel. There is at least a five-minute passing period between classes to ensure safety.

Students arriving to class late disrupt the learning process and detract from an orderly environment. Therefore, our tardy policies are rigorously followed, with the following consequences:

1st Tardy*	Teacher warning
2nd Tardy	Teacher makes parent contact
3rd Tardy	Teacher notifies Asst. Principal, who meets with student
4th Tardy	Asst. Principal meets with parent/student; Attendance contact

	established.
Subsequent Tardiness	Student will be considered willfully in defiance of authority. Appropriate action is taken

*Students arriving at the start of the day must go to the front office to obtain a late pass before going to class.

Perris Lake High School’s Inclement Weather Schedule allows students to remain in classrooms before school and during lunch. Breaks can be held in the classroom, with a restroom/snack schedule designated by the individual teacher.

Teachers are required to stand in front of their class outside their door prior to each period. Campus supervisors and site administrators work together to get students to class on time. Students who require school-provided transportation are supervised by assigned staff at the boarding area. Personnel remain on duty until the buses are loaded and pulling out of the parking lot.

TAB 14. Rules and procedures on school discipline – (Education Code Section 35294.2(a)(2)(I); 35291; and 35291.5)

Philosophy

We believe that responsible citizenship begins in the home and is reinforced at school. The primary responsibility for citizenship instruction, therefore, rests with the parents. Freedom and responsibility go hand in hand and students have a responsibility to others in their school relationships. Good citizenship should be rewarded and poor citizenship should be discouraged. We believe all students can behave appropriately and must be held accountable for their actions.

Responsibility for following rules is the students’. Students must know the rules and regulations of the school, be responsible for their part in maintaining these regulations, be aware of the consequences when they are broken and be reinforced positively when they are conforming to the concept of good citizenship. We believe good citizenship and good academic performance are related.

Classroom Rules

Each classroom teacher establishes rules for their room and the consequences should the student choose to break those rules. These are established within the first few days of school and are usually reviewed with the parent at Back to School Night. Consequences of breaking class rules

may include (but are not limited to): time out in the office, loss of privileges, detention (lunch or afterschool), loss of special activity (such as assemblies or field trips), etc.

School Rules

1. Students are allowed to arrive at school not earlier than 45 minutes before class.
2. Students must be on time to school.
3. Students must be respectful and kind to everyone...adults and students alike. Use Mr., Mrs., Miss, or Ms., or correct title for all adults.
4. Gambling, buying, selling, trading, personal items on school grounds is illegal.
5. Students must be supervised at all times; students(s) shall not remain in a classroom without a certificated or classified adult present supervising.
6. Exemplary behavior is expected during assemblies, lunch, or whenever students are on the campus. Good manners are to be in effect at all times. Only applause is acceptable; no booing, yelling, screaming, whistling, or unacceptable noises are permitted.
7. Students leave school immediately after dismissal unless previous arrangements have been made between the teacher and parent.
8. Arrangements for after school activities are to be made prior to coming to school that day.
9. Students are to obey all safety rules.
10. Students will not push, hit, or use aggressive behavior (whether serious or in "horseplay") toward other students or use bad language or obscene gestures.
11. No skateboards, roller blades, radios, cameras, recorders/players, pocket knives or weapons of any kind are allowed on campus.

Students who choose not to follow classroom or school rules receive a referral for their misbehavior. Discipline is progressive and begins with the classroom teacher. This depends upon the individual classroom teacher's discipline plan.

If the student is sent to the discipline office, progressive discipline is utilized. The student may be counseled, given lunch detention, assigned On Campus Suspension, or Off Campus suspension to name the most common options to use. The appropriate discipline will depend on the gravity of the misbehavior and prior record. If in the future, Perris Lake has a school resource officer assigned students may also receive citations from the School Resource Officer (SRO) for excessive misbehavior. This includes, but is not limited to profanity, fighting, and destruction of public property.

Campus Safety Rules

1. Students are to report to class when the bell rings.
2. Student are not allowed to push, cut in or run to any line.
3. Students must wait their turn in the lunch line.
4. Snacks may be eaten only in designated areas. No food in the classroom.
5. Students may not leave the campus without permission.
6. P.E. equipment must be used properly.
7. Running through or interfering with another person's game is not allowed.
8. No objects other than balls may be thrown.

9. No physical horseplay is allowed on campus.
10. Students may not hang or climb on baseball backstops, buildings, trees, fences or walls.
11. Students must walk to and from the lunch area.
12. Students may not push, hit or threaten others.
13. Common sense is expected when using all sport equipment.
14. Students must report to an adult when a ball goes over a fence.
15. The use of profanity is prohibited.
16. Students may not ride bikes or skateboards on campus.

Positive Consequences for Appropriate Behavior

Perris Lake High School believes that when students choose to follow school rules, their positive behavior should be rewarded. As opportunities arise, special events or activities are used to reward student for positive behavior. Students who choose to follow the rules will have the following consequences:

The Perris Union High School District Title IV Program expands authority to sites to encompass issues addressed in Goal Seven of the National Educational Goals in order to create learning environments that are free of violence and drugs.

Our students are encouraged to take responsibility for lifelong health, promote and respect the health and safety of others. SDFSCA target all students attending Perris Lake High School.

The programs are based upon the state and District’s standards. Students are provided with an integrated and coordinated program based on student needs and educationally sound and legally acceptable educational practices. All students have equitable access and an opportunity to participate in and benefit from high-quality curricular and extracurricular activities. The American Heart Association, American Medical Association, and American Cancer Association are an integral part of the program, which provides support and supplemental materials.

Perris Lake High School’s Health and Safety Programs offer a combination of health knowledge, skills, and motivation. The program challenges students to achieve their personal health potential in a manner that is meaningful to them. This approach has the added advantage of fostering self-concept, personal responsibility, critical thinking, conflict resolution, and many other critical life skills.

The health curriculum, offered through the A+LS software program, includes personal/mental health, nutrition and fitness, alcohol, tobacco, and other drugs, stress management/suicide prevention, human growth and sexuality, family life, disease prevention/HIV/AIDS, safety and injury prevention, violence prevention, and community and consumer health.

Teachers, administration, classified staff members, parents, and members of the community have the opportunity to assist in and support these programs. A site coordinator, in collaboration with the administration and Director of Pupil Services, directs our S&DFSC program.

BP 3513.1 and AR 3513.1 – Tobacco-Free Schools

Perris Lake High School provides a comprehensive Safe and Drug Free School program. One teacher is identified as the representative for Perris Lake High School. The representative works in collaboration with the district Safe and Drug Free Schools Committee to create a schoolwide program focused to promote a drug-free life.

FNL (Friday Night Live)

PLHS has a very active FNL chapter. This group is made up of students that have pledged to remain alcohol, tobacco, and drug-free. Their focus is to encourage other students to follow the

drug/alcohol-free life through various entertaining, yet educational, activities. Some of those activities include:

Red Ribbon Week

Red Ribbon week occurs during the month of October. The focus is to educate students on how to live a drug-free life. The site representative creates various activities throughout the week. Students are given a red ribbon to wear during the week. In addition, they have opportunities to pledge a drug-free life.

Field Trips

The site representative chaperoned a bus load of students to the Anti- Stigma Conference. Students were exposed to healthy living strategies delivered through presentations of qualified experts in various fields of counseling and education.

K-9 Searches

PLHS is currently utilizing a professional K-9 company that periodically conducts random searches of classrooms and student belongings to ensure the safety and security of staff and students. The visits are conducted without prior notification, and random classrooms are chosen for the dog(s) and handler(s) to conduct searches. The dogs have been extensively trained to detect illegal drugs, over the counter medications, alcohol, firearms, ammunition, and more.

TAB 16. Hate crimes procedures and policies (Education Code Section 200, 233, and 48900.3 outline the policies and procedures schools must follow in addressing hate violence. California Penal Code sections 422.6, 422.7, 422.75, 422.8, 422.9, 422.95 and 628 (Title 11.6, Civil Rights) define hate-motivated crimes.

Perris Lake High School utilizes a variety of staff to reduce and avoid violence on campus. All staff members deal on a daily basis with students who may have minor conflicts on campus. An academic counselor, principal, and assistant principal are on site to counsel students regarding peer relationships, conflict mediation, anger management, teen dating violence, and crisis intervention. The school utilizes a SRO (School Resource Officer) as needed to deal with violent acts on campus.

Riverside County Kids with Guns Protocol

In recent years, the nation has been stunned by violent incidents involving students on school campuses. Research indicates that these potentially violent youth do not just snap; rather, they exhibit important warning signs prior to acting out. The Secret Service found that in more than

75% of the incidents they studied, other youth knew about the attack before it occurred, and an adult had expressed concerns about the student. In more than half of the cases, more than one person had expressed concern. Over half of the attackers developed the idea to harm the target at least two weeks prior to the incident. Noting the devastation and wishing to avoid the tragic experiences of other communities which have suffered senseless violence on school campuses, a Multi-Agency Team (MAT), consisting of the Superior Court, Riverside County law enforcement agencies, in conjunction with Probation, the District Attorney, County Office of Education, local school districts, Mental Health, Department of Public Social Services and community based organizations, established this Protocol.

This Protocol is to be used within Riverside County in school related incidents for prevention, threat assessment, intervention and services to youth at-risk of violence. Members of the MAT have also agreed to the uniform implementation, enforcement and reporting of incidents involving youth and guns/explosive devices. **Note:** Based upon law enforcement's assessment of the situation, the Protocol may also be used for other weapon offenses.

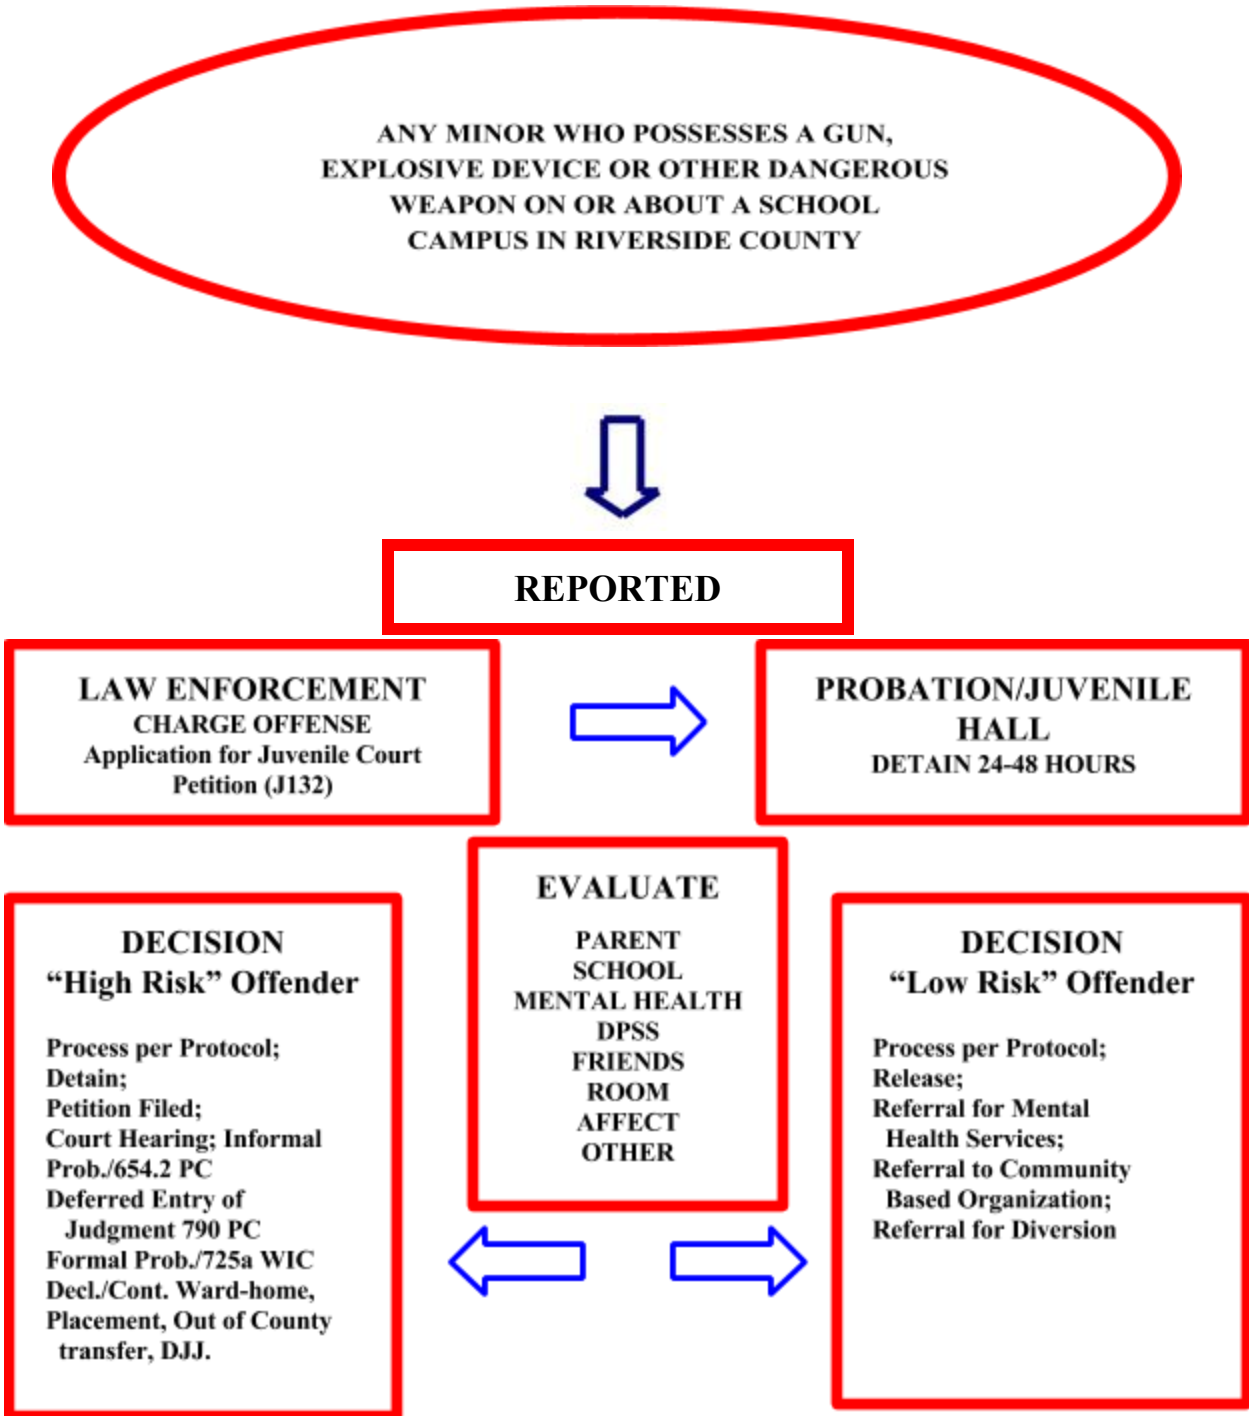

The members of the Multi-Agency Team (MAT) have also agreed in principle that:

1. Law Enforcement will investigate and report the circumstances of the offense and will expand the investigation by contacting the parent(s) and/or legal guardian(s) and by making a home visit to conduct an evaluation.
2. Probation will detain the minor pursuant to a law violation and will administer the Problem Behavior Inventory instrument and coordinate the efforts of the MAT by making appropriate referrals to the various agencies. Information and assessment from the combined members of the team will be employed in determining future intervention strategies.
3. Riverside County Office of Education will respond rapidly to make available information concerning the minor to the appropriate agencies, and serve as a liaison between MAT and local school districts.
4. A Mental Health clinician will interpret the results of the Problem Behavior Inventory given to the minor by Probation. When indicated by the results of the PBI, Mental Health will complete an assessment on cases to determine the danger of the minor to himself/herself and others. Information from other cooperating agencies will be considered while completing the assessment, which will be shared with other members of the team where appropriate.
5. The District Attorney's Office will review all reports for legal sufficiency and strictly enforce the law by prosecuting any minor found in possession of a gun, explosive device or other dangerous weapon on a school campus. Violations against the parent or legal guardian will be strictly enforced when a juvenile is found in possession of a gun, explosive device or other dangerous weapon. The District Attorney's Office will coordinate with the task force to ensure the interests of public safety and the youth.
6. Child Protective Services (CPS) will respond upon request from law enforcement to conduct family and child welfare assessment to help assess the overall well-being and functioning of other children in the home. CPS will also research its database to determine whether there is an open file or CPS history on the youth or his/her family and share the information with MAT.

7. Riverside County Office of Education, in conjunction with local school districts and Social Services Agencies, will develop an adjunct protocol to deal with threats or acts of violence, excluding acts where firearms are involved. The primary assessment tool will be the personality assessment profile developed by the Mental Health Department.
8. The Juvenile Court judge will hear and make an order on Kids with Guns cases whenever a juvenile Court petition has been filed.
9. This Protocol will be reviewed and updated annually. Within one year a database will be established by the Probation Department. Kids with Guns pamphlets will be released within 90 days.

- Informal counseling with and between students by staff members

Perris Lake High School utilizes multiple staff members to counsel students to avoid conflict between students. The academic counselor, the district at-risk counselor, teachers, campus supervisors, other classified personnel, parents, and administration are all involved to some degree when working to resolve low level student peer conflicts.

For more serious conflicts, the principal, assistant principal and counselors are involved in in-depth counseling and mediation. They utilize behavior and peer contracts when appropriate.

TAB 19. Integrated Pest Management Plan

Healthy Schools Act of 2000 - In September 2000 Governor Davis signed into law the Healthy Schools Act of 2000 (Assembly Bill 2260). This law requires schools to notify parents, guardians and school employees about pesticides used in their schools, and require the Department of Pesticide Regulation to promote the voluntary adoption of integrated pest management (IPM) practices in California schools. Most provisions of the law took effect January 1, 2001.

School District requirements of the Law:

- ❖ Notification of all pesticide products the school District expects to use on school grounds must be sent annually to parents or guardians of all students. The notifications must list the active ingredients in each pesticide product and the Internet address for the Department of Pesticide Regulation (DPR) to access additional information.
- ❖ Each school will establish a list of parents or guardians who want to be notified before individual pesticide applications are made.
- ❖ Each school district will ensure that warning notices are posted in areas where pesticides will be applied. These signs will be posted 24 hours in advance and 72 hours after application of pesticides, and will contain information as specified in the law.
- ❖ Each school will maintain records of all pesticide use at the school for four years and the records will be available to the public upon request.

Important Guidelines - These guidelines should be followed by all staff to assist in effectively managing the use of pesticides on our sites:

- ❖ Site staff should notify their site administrator when pest control is needed.
- ❖ Administrative staff should notify Maintenance and Operations via a work order when pest control is needed.
- ❖ Staff must not use any type of pest control chemicals at any school site.
- ❖ Staff should eliminate food stuffs in their work areas that might attract pests, i.e., cakes, cookies, candies, sack lunches, sugary beverages, etc.

TAB 20. Injury and Illness Prevention Plan (IIPP) with Reporting Form for Unsafe Conditions

The Perris Union High School District is committed to providing a safe and healthful workplace for all of its employees and to providing a safe and healthful facility for all students and site visitors. To fulfill its obligation the District has incorporated an Injury and Illness Prevention Program. The intent of this Program is to prevent or minimize the probability of injuries and illnesses to workers, students and visitors, and to comply with applicable State, Federal and local health and safety codes, standards and regulations.

The Injury and Illness Prevention Program is intended to standardize various safety programs and procedures into one effective, uniform program and to ensure compliance with State and Federal safety regulations.

The Program identifies the District's responsibilities and also defines responsibilities of the Program Coordinator, administrators, managers, supervisors and all other employees.

The components described in the District's IIPP are:

- ❖ Communication
- ❖ Identification & Evaluation of Workplace Hazards
- ❖ Corrections of Unsafe or Unhealthful Conditions
- ❖ Investigations of Occupational Injury, Illness or Exposure to Hazardous Substances
- ❖ Employee Training
- ❖ Record Keeping
- ❖ Plan Review

The District, its Board and its management pledges support of this Program to ensure that it remains a viable method of protecting all employees and all other site occupants.

**TAB 21. Site Safety Inspection Checklists
(Risk Management—Inspection Checklist, Final Week Cleaning Checklist, Cleaning Procedures for PUHSD Health Offices)**

Perris Lake High School participates in quarterly safety inspections conducted by campus staff. The purpose of quarterly site inspections is to help identify and evaluate unsafe conditions.

Safety inspections are part of the District's written Injury and Illness Prevention Program.

The safety inspections are documented. The safety inspection checklists are documentation of inspections and include lists of areas inspected, the date of the inspection, name of inspector, signature of site administrator, and action taken to abate hazard.

Safety Inspections are completed, signed, and sent to the District office quarterly for documentation.

Some areas on the checklist include but are not limited to athletic facilities, grounds & fields, multi-use rooms.

Perris Lake High School participates in District-wide Hazardous Materials Inspections.

Keenan & Associates, the District's Third Party Administrator for Property and Liability coverage, conducts an annual Hazardous Materials Inventory and Inspection throughout the Perris Union High School District.

The purpose of the inspection is to assist our District in obtaining a current, detailed inventory of hazardous material supplies on school sites and throughout the District and to meet the regulatory requirements under Worker Right-to-Know, Hazardous Materials Disclosure Laws, and as required by Cal/OSHA – CCR, Title 8, Section 5194.

The inventory not only provides information to management, it is also a valuable tool to be used to monitor and control chemicals in the workplace.

The inspection also provides the District with a hazardous materials survey that addresses and identifies specific conditions regarding storage, labeling, compatibility, fire extinguishers, eyewash stations, etc., which were present at the time of the inventory.

Using the chemical inventories District staff put together binders that contain Safety Data Sheets (SDS) for each item listed. These binders can be found in the staff workrooms or lounges, in the science chemical storerooms, and in the custodial closets. In addition, electronic MSDS folders have been created and are located at <http://puhsd.ca.schoolsmsds.com>.

Section IV – Recommendations for Improvement Instructions

TAB 22. Action Plan for Component 1- “People and Programs” - Create a *caring and connected* school climate. Part 2 of the “safe and orderly environment” requirement of SB 187 (Education Code Section 35294).

ACTION PLAN FOR COMPONENT #1- (*Look at your site data, “Healthy Kids Survey” or any other surveys taken to see if current programs are working. Where do they need to be improved?*)

Every semester during orientation at Perris Lake High School, students are asked to fill out a resource survey in order to assist the counseling office with information regarding resources necessary in order to enhance career and educational choices. Also, at the end of semester upon completion of coursework, students are asked to fill out a senior exit survey in order to determine if services provided at Perris Lake High School have prepared them for life situations. One additional survey that is provided to the juniors at Perris Lake High School is the Healthy Kids Survey which asked students specific questions about drug use and abuse. All surveys are beneficial. I believe that we need to make more opportunities to provide services to students after evaluating each individual survey.

Action Plan for Component 2- “Physical Environment” – Create a *physical environment that communicates respect* for learning and for individuals. Part 2 of the “safe and orderly environment” requirement of SB 187 (Education Code Section 35294)

ACTION PLAN FOR COMPONENT #2 – *Have you evaluated site safety issues having to do with your buildings and grounds? What changes need to be made here?*

We have a safety committee consisting of, 1 admin, 4 teachers, 2 office staff, and 1 campus security. We noted that there was a need to develop this team in order to improve the safety of the campus as a whole. Since the committee has been established, we have regular meetings once a month. On an ongoing basis, we discuss the evacuation process, emergency drills, and safety issues. Members of our safety committee conduct campus facilities safety checks on an ongoing basis and note anything that could be a potential safety issue and put in work orders. Additionally, any staff member can notify the committee of potential safety issues, the committee then does a facilities check and puts in work orders as needed. We incorporate Hour Zero and Keenan into our safety committee in order to maintain compliance with state and federal regulations.

22.1 ACTION PLAN FOR COMPONENT #1

Component #1. “People and Programs” – Create a “*caring and connected*” school climate. (Part 2 of the “safe and orderly environment” requirement of SB 187 (Education Code Section 35294).

Goal(s): (What area related to people and programs will we focus on *in the near future* to accomplish our mission and vision?)

We will focus on reviewing surveys in order to better assist our students with; career and educational choices and continue to bring programs that will sponsor student groups for individuals with drug problems, emotional problems and other problems that may prevent them from being in school.

Objective #1-1: (What measurable *results* will show us that we are meeting our goal? *When* will we see them? *How much* change do we want to see? *Who* is responsible?)

We will continue to have students fill out surveys in order to determine if programs are beneficial.
