### Comprehensive Plans

The Governing Board believes that careful planning is essential to effective implementation of district programs and policies. Comprehensive plans shall identify cohesive strategies for school improvement, provide stability in district operations, and be aligned to ensure consistency among district approaches for student academic growth and achievement.

Comprehensive plans adopted by the district shall include the local control and accountability plan (LCAP) and other plans required by law or determined by the Board to be in the best interest of the district. Such plans may describe anticipated short- and long-term needs, measurable outcomes, priorities, activities, available resources, timelines, staff responsibilities, and strategies for internal and external communications regarding the plan.

Comprehensive plans shall be reviewed on an annual basis. The review may include an assessment of employee job descriptions to insure they are in line with the comprehensive plans, along with District Policies and Procedures. Proposed changes to job descriptions shall be brought to the Governing Board for review and approval.
