### **Background:**

#### **AR 5111.12 - Residency Based on Parent/Guardian Employment**

(AR deleted)

Regulation deleted and key concepts incorporated into BP/AR 5111.1 - District Residency.

#### **BP/AR 5141 - Health Care and Emergencies**

(BP/AR revised)

Policy and regulation updated to reflect **NEW LAW** (SB 658) which requires the principal of any school that has an automated external defibrillator (AED) to annually provide employees with information on sudden cardiac arrest, the school's emergency response plan, and the proper use of an AED and which eliminates the requirement that the principal designate the trained employees who will be available to respond to an emergency that may involve the use of an AED. Regulation also reflects provisions of SB 658 which require the district to notify the local emergency medical services agency regarding the existence, location, and type of AED acquired, require that instructions on how to use the AED be posted next to every AED, and reduce the inspection requirements to once every 90 days.

#### **E 5141.6 - School Health Services**

(Exhibit deleted)

Exhibit containing sample resolution urging outreach to increase children's access to affordable health care programs deleted since current law requires the district's enrollment forms for the 2015-16, 2016-17, and 2017-18 school years to include an informational item about affordable health care options and available enrollment assistance.
