3/29/2023 13:41:35	orlando.vizcarra@puhsd.org	PVHS	Spanish for Spanish Speakers II	Website seems to be confusing for students and resources are difficult to navigate.	I am already familiar with the VHL website and resources and I like the way it is organized.	Vista Higher Learning
3/29/2023 13:41:58	james.harris@puhsd.org	HHS	Spanish I, Spanish II	I think that the user interface and the curriculum sequencing was lacking	Good but resources needed to be updated.	Vista Higher Learning
3/29/2023 13:42:00	dennis.coronado@puhsd.org	PVHS	Spanish I, AP Spanish IV, AP Spanish V	The level one reader were difficult for my students	Easy access, chapters are more aligned to the pacing guide and AP Spanish college board	Vista Higher Learning
3/29/2023 13:42:05	odell.logan@puhsd.org	PVHS	Spanish I	The book needs to be better organized.	The book is highly organized and is oriented for all students.	Vista Higher Learning
3/29/2023 13:42:18	jocelyn.santillan@puhsd.org	CMI	Spanish I, Spanish II, Spanish III/Spanish III Honors	Text was organized, and has a lot of resources	Less resources than Carnegie and text is a little too advance for regulars.	Vista Higher Learning
3/29/2023 13:42:32	alejandra.amaya@puhsd.org	PMS	Spanish I, Spanish II, Spanish for Spanish Speakers I	Material was irrelevant, difficult to navigate for me and my students.	Vista Higher Learning is the best option to implement in the next school year. It has a better and relevant content for both my non spanish speakers and my native spanish sudents.	Vista Higher Learning
3/29/2023 13:43:23	javier.rodriquez@puhsd.org	PHS	Spanish for Spanish Speakers I, Spanish for Spanish Speakers II, AP Spanish IV	The content is not engaging for students. They were extremely disengaged by the 4 different content sections we piloted. Very outdated media content.	I would like to continue using Imagina, but update the edition to the latest one. The content is more engaging.	Vista Higher Learning
3/29/2023 13:44:10	jose.valle@puhsd.org	LHS	Spanish I, Spanish II	Students had difficulty accessing the assignments and details or directions were not easy to understand.	Students are somewhat familiar with VHL and from what most teachers have stated can be used easily for assessment. I personally am a 1st year teacher and have not used or am familiar with VHL	Vista Higher Learning

3/29/2023 13:44:45	nancy.sauceda@puhsd.org	LHS	Spanish I, Spanish II	I love all the resources provided by them.	.	Vista Higher Learning
3/29/2023 13:44:59	scott.boydston@puhsd.org	HHS	Spanish I, Spanish III/Spanish III Honors	The website is more difficult to navigate than it should be for students and teachers. Completing online assignments isn't user friendly for students. Grading completed assignments is confusing and unreliable.	Website is much more user friendly, assignments are much easier to complete and grade. The variety and organization of online activities are much more conducive to student learning.	Vista Higher Learning
3/29/2023 13:45:03	rosemary.navarro@puhsd.org	PVHS	Spanish II	-Very poor website, very difficult to navigate. -Website logs you out very fast. -Very short activities and not a lot of them. -Activities are difficult to find and assign. -Student work is not saved if they get switched to another period. -Scope and Sequence does not flow well. -When students completed online activities, it was difficult to see the questions because the box was so small, unable to maximize the screen -Poor Tech Support -Articles are not based on current events and students did not engage or showed no interest on the topic.	VHL's Supersite is by far easier to use and has many more options for activities.	Vista Higher Learning

3/29/2023 13:45:03	sandra.flores@puhsd.org	HHS	Spanish II, Spanish for Spanish Speakers I	<ul style="list-style-type: none"> -Difficulty in navigating the website, especially for students. -Completing online assignments is confusing and cumbersome for students. -Bundling assignments doesn't allow for instant grading of assignments. -The issue with Flipgrid assignments not functioning was never fixed. -Instructions for activities in later units were in Spanish for Spanish 1 with no translation. 	I enjoy the new material presented. I really like the senders book presented. The website is so much easier.	Vista Higher Learning
3/29/2023 13:45:10	alan.benson@puhsd.org	Scholar+	Spanish I, Spanish II, Spanish for Spanish Speakers I	Didn't catch this presentation	I like to see that curriculum providers are integrating more real life connections to their offerings. Being outside the fold in world languages I found the idea of curriculum based magazines, and videos that portrait multi-cultures within the Spanish speaking community very cool. Thanks for letting me attend today's presentations.	Vista Higher Learning

3/29/2023 13:45:12	stephanie.zinzun@puhsd.org	PHS	Spanish I, Spanish II, Spanish III/Spanish III Honors, Spanish for Spanish Speakers I, Spanish for Spanish Speakers II	While Carnegie did offer a lot of differentiation and the sequence of the lesson was well throughout, the lessons felt lackluster and I, as well as my students, did not like the content. The online content was also difficult for my students to navigate.	Vista now has many different options for regular Spanish classes and for the native speakers. The online platform is easy to use and there are a variety of activities that we can assign. The activities have been updated and look a lot more interesting than what it used to be.	Vista Higher Learning
3/29/2023 13:45:15	isaole.jaime@puhsd.org	HHS	Spanish II, Spanish for Spanish Speakers II	I liked that Carnegie had their assignments online which students were able to access during class. I also really liked the readers because they were included in the piloting of the text.	I am used to VHL scope and sequencing. I liked how Galerias 2 is much more simpler for my Spanish Speakers 2 students. The Galerias textbook is more easier to understand for them and I see myself using this text for the next school year.	Vista Higher Learning
3/29/2023 13:46:09	andres.tapia@puhsd.org	HHS	AP Spanish IV	It is a good option to consider, it has good resources. However, they are somewhat limited.	VHL is a very good option to consider. The best feature that I like about this publisher is that they have curriculum for all, non-Native, Spanish Speakers courses, and AP.	Vista Higher Learning
3/29/2023 13:46:18	alicia.arauz@puhsd.org	LHS	Spanish I, Spanish II, Spanish III/Spanish III Honors	The program is organized well. Too much to cover in one year.	The new textbooks offer new content.	Vista Higher Learning
3/29/2023 13:46:30	hopy.neri@puhsd.org	CMI	Spanish for Spanish Speakers I, Spanish for Spanish Speakers II, AP Spanish IV	It provided a variety of updated resources, but needs to simplify its usability.	VHL needs to update its contents so that students can connect more to it, and provide more resources.	Vista Higher Learning
