AR 3515.1 - Photo Identification Badges

Each Perris Union High School District employee will be issued a photo identification badge, which shall be worn in a readily visible location throughout the workday, except when such a practice presents a legitimate safety risk. Whenever an employee leaves the district, the assigned worksite is responsible for the collecting the identification badge from the employee. The site will forward the former employee's badge to the Personnel department. Personnel will remove the former employee's name from the master list.

The district will photograph new employees who are to receive photo identification badges as part of the new employee sign up procedure. Until the employee photo identification badge is issued to the new employee, the employee will wear a temporary badge. Upon receiving the permanent badge, the employee will return the temporary badge to the issuing worksite receptionist or designee.

Photo Identification Badges will be issued to all employees of the Perris Union High School District including board of trustees.

Employees are expected to look for a name badge on anyone they encounter in buildings who they do not recognize as a current PUHSD employee or student. Any employee, who encounters an individual without a proper badge, is to politely explain the PUHSD policy and then

escort the person to a receptionist or designee for issuing of a badge. If a person is uncooperative, the employee should not try to stop the person, but the employee should immediately summon the assistance of a supervisor, administrator or campus supervisor.

As a result, the district may temporarily suspend certain provisions of the following policy or regulation that reflect these requirements. For further information, please contact the Superintendent or designee.

In accordance with Governing Board policy, individual schools that have a gang presence may, in their safety plans, include schoolwide dress codes which prohibit the presence of gang-related apparel at school or school activities. Schoolwide dress codes shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus.

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received.

(d) A principal, the principal's designee, or any other person reporting a known or suspected act described in subdivision (a) or (b) is not civilly or criminally liable as a result of making any report authorized by this article unless it can be proven that a false report was made and that the person knew the report was false or the report was made with reckless disregard for the truth or falsity of the report.

(e) The principal of a school or the principal's designee reporting a criminal act committed by a schoolage individual with exceptional needs, as defined in Section 56026, shall ensure that copies of the special education and disciplinary records of the pupil are transmitted, as described in Section 1415(k)(6) of Title 20 of the United States Code, for consideration by the appropriate authorities to whom he or she reports the criminal act. Site Procedures

Law Enforcement Interventions or Law Enforcement Crime Reports

All personnel are expected to maintain a safe environment for students by confiscating any suspicious material or item that may cause injury or be used as a weapon. The student(s) are then interviewed, including any witnesses, to determine due process for the situation based on District guidelines.

Any incidence of graffiti vandalism is reported to District maintenance personnel for prompt removal.

Employee Photo Identification Badge

Each Perris Union High School District employee will be issued a photo identification badge, which shall be worn in a readily visible location throughout the workday, except when such a practice presents a legitimate safety risk. Whenever an employee leaves the district, the assigned worksite is responsible for the collecting the identification badge from the employee. The site will forward the former employee's badge to the Personnel department. Personnel will remove the former employee's name from the master list.

The district will photograph new employees who are to receive photo identification badges as part of the new employee sign up procedure. Until the employee photo identification badge is issued to the new employee, the employee will wear a temporary badge. Upon receiving the permanent badge, the employee will return the temporary badge to the issuing worksite receptionist or designee.

Photo Identification Badges will be issued to all employees of the Perris Union High School District including the board of trustees.

All employees are required to wear their photo identification badge at all times when they are on duty, including evenings and weekends. Any employee or individual who does not

bring his/her photo identification badge to work must report to a receptionist or designee to obtain a "visitors" badge.

An employee who consistently fails to wear his/her photo identification as defined by this regulation may be subject to disciplinary action. Replacement badges are provided by the worksite and will be obtained at the employee's expense.

Visitor Badges

Anyone entering the PUHSD main office or any school site who is not wearing a photo identification badge must check with the receptionist or designee for a visitor's badge. District employees participating in staff development activities while at the district office must wear their site photo identification badge or obtain a visitor badge from the receptionist or designee.

Visitors must wear their badge at all times while on PUHSD property. When his/her business is concluded the visitor must return the visitor badge to the receptionist.

The Governing Board recognizes that students and staff have the right to a safe and secure campus free from physical and psychological harm and desires to protect them from the dangers presented by firearms and other weapons.

The Board prohibits any student from possessing weapons, imitation firearms, or other dangerous instruments, as defined in law and administrative regulation, in school buildings, on school grounds or buses, at school-related or school-sponsored activities away from school, or while going to or coming from school.

Under the power granted to the Board to protect the safety of students, staff, and others on district property and to maintain order and discipline in the schools, any school employee is authorized to confiscate any prohibited weapon, imitation firearm, or dangerous instrument from any student on school grounds.

The principal or designee shall notify law enforcement authorities when any student possesses a firearm, explosive, or other prohibited weapon or dangerous instrument without permission, sells or furnishes a firearm, or commits any act of assault with a firearm or other weapon.

Possession of Pepper Spray

To prevent potential misuse that may harm students or staff, students are prohibited from carrying tear gas or tear gas weapons such as pepper spray on campus or at school activities.

Reporting of Dangerous Objects

The Board encourages students to promptly report the presence of weapons, injurious objects, or other suspicious activity to school authorities. The identity of a student who reports such activity shall remain confidential to the extent permitted by law.

The Governing Board desires to keep district schools free from the threats or harmful influence of any groups or gangs which exhibit drug use, violence or disruptive behavior. The Superintendent or designee shall take steps to deter gang intimidation of students and staff and confrontations between members of different gangs. He/she shall exchange information and establish mutually supportive efforts with local law enforcement authorities.

The Superintendent or designee shall provide in-service training which helps staff to identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior. Staff shall be informed about conflict management techniques and alerted to intervention measures and community resources.

The Board realizes that many students become involved in gangs without understanding the consequences of gang membership. Gang violence prevention education shall start with students in the early elementary grades and may start in kindergarten.

To further discourage the influence of gangs, the Superintendent or designee shall ensure that school rules of conduct are enforced consistently and that all students have access to counselors and other appropriate resource personnel as needed. If a student exhibits signs of gang affiliation, staff shall so inform the parent/guardian.

In accordance with Governing Board policy, individual schools that have a gang presence may, in their safety plans, include school wide dress codes which prohibit the presence of gang-related apparel at school or school activities. School Wide dress codes shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus.

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received.

This core is consistent with SEMS/NIMS standards and includes the following management components:

1. Command and Management
 - The District has adopted the Incident Command System (ICS) as the organization structure for its Emergency Response Plan (ERP). The use of ICS aligns the District with other responding entities and ensures deployment can be accomplished in a consistent, efficient and effective manner.
 - The adoption of ICS includes its fourteen principles and the use of Incident Action Plans, Activity Logs and a standardized Crisis Communication Plan.
 - All ICS assignments, along with position descriptions, are maintained on Hour-Zero Online.

Some examples of ICS activities include:

- Using ICS to manage all related activities before, during, and after school and campus events to provide for the safety and well-being of attendees.
- Determining, designating, and documenting in advance key personnel and their roles and responsibilities within ICS, including the chain of command;
- Determining, designating, and documenting back-ups to personnel with leadership positions within ICS;
- Integrating ICS into functional and system-wide emergency operations policies, plans, and procedures;
- Ensuring compatibility of communication devices internally and externally with local responders.

2. Preparedness
 - The District has conducted risk and hazard assessments on each of its school sites and administrative buildings. These risk and hazards are documented on Hour-Zero Online and are prioritized according to a hazard index.
 - Mitigation strategies have been developed to address these identified hazards and risks. Strategies range in scope from administrative procedures to emergency protocols to facility changes/renovations.
 - The District has developed emergency maps, which identify critical infrastructure, along with needed emergency maps for evacuations, lock-downs and shelter-in-place. These maps are readily available to first responders through Hour-Zero Online.

3. Resource Management
 - The District has an extensive inventory of emergency supplies that has been procured for all its sites. This includes:
 1. Emergency supplies in all classrooms
 2. Incident Command Post Kits
 3. Emergency Response Kits
 4. Medical trauma kits
 - Resources are managed by each site, with an inventory list maintained on Hour-Zero Online.

4. Communications and Information
 - The District has a Crisis Communications Plan, which identifies the processes and procedures for communication before, during and after an emergency.
 - The Plan identifies a designated Information Officer, along with two alternates for the position.
 - The Plan uses a “Single Source Policy, and assigns the Information Officer as the primary liaison for communicating with all stakeholders during an emergency.

5. Plan Management
 - The District Plan outlines the roles, responsibilities and operating procedures for the District Emergency Operations Center (EOC).
 - The EOC Team, referred to as the Administrative Command Team (ACT) is responsible for providing policy direction and clarification, along with coordinating response activities.
 - The team’s role focuses on District-level activities, rather than on-site management.
 - In addition, the District has an Emergency Program Coordinator, whose role it is to ensure the day-to-day management of the program is taken care of.

6. Supporting Technologies
 - The District maintains its Plan through the use of Hour-Zero Online, a web-application that has undergone a NIMStep evaluation.
 - More specifically annual checklists, drills and training, contact information and resources are managed and tracked through the web-application to ensure the Plan remains current.
 - First responders and local government authorities are able to access current information and data through the web-application, ensuring they always have the most current information at hand.

7. Training
 - The District Plan includes an extensive training program that provides for training for all staff in the District.
 - Training is provided in a variety of formats – online training, in person workshops, exercises and drills.
 - The training syllabus includes both NIMS compliant courses (ICS 100, 200, NIMS 700, 800) along with courses specific to school operations (Lock-Down, Shelter-in-Place, Earthquake, Communications, etc.)

8. Collaboration
 - The District works with local police and government partners to support its emergency preparedness activities, including involving its partners in training and providing them with access to school plans through HZ Online.
 - This relationship helps the partners are able to effectively work together at time of emergency.

9. Common Terminology
 - ICS principles, The District's Emergency Plan uses standardized and consistent terminology, that applies plain English to all protocols and procedures. To this end, the District has conducted communications training activities with its leadership to reinforce this principle.

Staff and students also shall be taught safety precautions to take if they are in the open or on the way to or from school when an earthquake occurs.

Earthquake emergency procedures shall designate primary and alternative locations outside of buildings, which may include areas off campus if necessary, where individuals on a school site will assemble following evacuation. In designating such areas, the Superintendent or designee shall consider potential post-earthquake hazards outside school buildings including, but not limited to, power lines, trees, covered walkways, chain link fences that may be an electric shock hazard, and areas near buildings that may have debris.

Earthquake emergency procedures also shall outline primary and alternative evacuation routes that avoid areas with potential hazards to the extent possible. The needs of students with disabilities shall be considered when planning evacuation routes.

The Superintendent or designee shall identify at least one individual within each building to determine if an evacuation is necessary, the best evacuation location, and the best route to that location when an earthquake occurs.

The Superintendent or designee shall identify potential earthquake hazards in classrooms and other district facilities, including, but not limited to, areas where the main gas supply or electric current enters the building, suspended ceilings, pendant light fixtures, large windows, stairwells, science laboratories, storage areas for hazardous materials, shop areas, and unsecured furniture and equipment. To the extent possible, dangers presented by such potential hazards shall be minimized by securing equipment and furnishings and removing heavy objects from high shelves.

Earthquake While Indoors at School

When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:

1. Staff shall have students perform the drop procedure. Students should stay in the drop position until the emergency is over or until further instructions are given.

Fire Drills

Perris High School holds fire drills on a regular basis. As amended by SB 575 (Ch 725, Statutes of 2001) Education Code 32001 requires fire drills not less than twice every school year at the secondary level.

1. The principal shall notify the staff as to the schedule for fire drills.

5. The principal or designee shall keep a record of each fire drill conducted and file a copy of this record with the office of Superintendent or designee.

Fires: When a fire is discovered in any part of the school, the following actions shall be taken:

1. The principal or designee shall sound fire signals, unless the school and/or building is equipped with an automatic fire detection and alarm system.
2. The principal or designee shall call 911.
3. All persons shall be directed to leave the building and shall proceed outside to a designated assembly area.
4. Staff shall give students clear direction and supervision and help maintain a calm and orderly response.
5. In outside assembly areas, teachers take roll, report missing students, and provide assistance to any injured student.
6. In outside assembly areas, the principal or designee and/or each department head shall account for their staff, report missing staff, and provide assistance to any injured staff.
7. If the fire is extensive, students shall be taken to an alternative location for protective custody until parents/guardians can pick them up or until they can be safely transported to their homes.

Earthquakes

The Superintendent or designee shall establish an emergency procedure system to be followed in case of earthquakes. This system shall include, but not be limited to the following:

1. A school building disaster plan, ready for implementation at any time, for maintaining safety and care of students and staff.
2. A Drop/Cover/Hold procedure in which students and staff members:
 - a. Drop to their knees
 - b. Take cover under a table or desk
 - c. Protect their head with their arms
 - d. Face away from windows
3. Protective measures to be taken before, during, and after an earthquake
4. A training program to ensure that all students and all certificated and classified staff are aware of, and properly skilled in, the earthquake emergency procedure system.

School disaster plans shall outline roles, responsibilities, and procedures for students and staff.

3) Crisis Response

EC 32282 (A)[2](j)

- A. The comprehensive school safety plan shall include, but not be limited to, both of the following:
 2. Identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, which shall include the development of all of the following:
 - j. Procedures for conducting tactical responses to criminal incidents, including procedures related to individuals with guns on school campuses and at school-related functions. The procedures to prepare for active shooters or other armed assailants shall be based on the specific needs and context of each school and community.

Tactical Response

THIS INFORMATION IS NOT AVAILABLE TO THE PUBLIC

In collaboration with law enforcement, tactical response strategies have been developed to address criminal incidents. As defined in EC, "tactical responses to criminal incidents" means steps taken to safeguard pupils and staff, to secure the affected school premises, and to apprehend the criminal perpetrator or perpetrators.

As allowable within EC 32281 (f) (1), this portion of the CSSP has been developed by administrators of the school district in consultation with law enforcement officials, and with a representative of an exclusive bargaining unit of employees of the District.

The strategies incorporate security measures, defensive tactics, and offensive response.

In accordance with EC 32281(f), the District has elected not to make the tactical response plans available to the public. This is due to the sensitive nature of this information, and the negative ramifications of its misuse.

Site Procedures

Perris High School's Disaster Response Plan meets the guidelines for the Strategic Emergency Management System (SEMS). A committee consisting of two teachers, one campus supervisor, and the site administrator were involved in the formulation of the plan. The site administrator acts as the Incident Commander, with the principal's designee to be appointed in the event that the Incident Commander is unable to perform his duties.

To ensure accountability for emergency response procedures personnel are assigned specific duties to perform in the event of emergencies. These include turning off water, gas, and electricity. Mock drills are required twice per year.

To be more effective during disasters, predetermined areas will identify the various stations, i.e., student holding, command post, and student release.

Perris High School is working with the District to update the response plan and incorporate the National Incident Management System (NIMS). All administrators and classified staff were trained in the Federal Emergency Management Agency (FEMA) courses: IS 100 (Incident Command for Schools), IS 700 (NIMS) and IS 200 (Incident Command for Single Resources and Initial Action Incidents). Perris Union High School District Risk Management Officer maintains a current file of trained employees in this area.

To be more effective during disasters, predetermined areas will identify the various stations, i.e., student holding, command post, and student release. The District has installed three repeaters and distributed hand held radios. Each site now has radios to use for day to day communications as well as a built in emergency communication system. The radios will be incorporated into each school site's emergency drills.

It is necessary to have qualified and trained campus supervisors to ensure a safe and secure environment for the student population during break and lunch periods.

Perris High School has assessed the emergency supplies on hand, and is formulating a plan to attempt to create a supply that would be sufficient to serve the needs of this campus in the event of a real disaster.

4) Child Abuse

BP 5141.4 - Child Abuse Prevention And Reporting

The Governing Board is committed to supporting the safety and well-being of district students and desires to facilitate the prevention of and response to child abuse and neglect. The Superintendent or designee shall develop and implement strategies for preventing, recognizing, and promptly reporting known or suspected child abuse and neglect.

The Superintendent or designee may provide a student who is a victim of abuse with school-based mental health services or other support services and/or may refer the student to resources available within the community as needed.

Child Abuse Prevention

The district's instructional program shall include age-appropriate and culturally sensitive child abuse prevention curriculum. This curriculum shall explain students' right to live free of abuse, include instruction in the skills and techniques needed to identify unsafe situations and react appropriately and promptly, inform students of available support resources, and teach students how to obtain help and disclose incidents of abuse.

The district's program also may include age-appropriate curriculum in sexual abuse and sexual assault awareness and prevention. Upon written request of a student's parent/guardian, the student shall be excused from taking such instruction. (Education Code 51900.6)

The Superintendent or designee shall, to the extent feasible, seek to incorporate community resources into the district's child abuse prevention programs and may use these resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

Child Abuse Reporting

The Superintendent or designee shall establish procedures for the identification and reporting of known and suspected child abuse and neglect in accordance with law.

Procedures for reporting child abuse shall be included in the district and/or school comprehensive safety plan. (Education Code 32282)

District employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect.

The Superintendent or designee shall provide training regarding the duties of mandated reporters.

Site Procedures

As childcare custodians, the staff at Perris High School follows child abuse reporting guidelines set forth in the Child Abuse Reporting Law, which requires a telephoned report of suspected child abuse to a child protective agency as soon as practically possible. In addition, a follow-up written report is required within 36 hours of receiving the information concerning the incident (Penal Code, 11166, subdivision (g)).

The Health Technician at Perris High School has been trained to handle the disclosure of a child's suspected physical or sexual abuse. These are some of the guidelines used to help a child through this crisis:

- A private place is found to talk to the child, while maintaining eye contact.
- The conversation remains calm, without any expression of panic or shock.
- The facts surrounding the incident are obtained.
- No assumptions are made; the child is allowed to speak, uninterrupted.
- The child is given the benefit of the doubt.
- A child's vocabulary is used.
- Reassurance is given that he or she is innocent and did not provoke the incident.
- Reassurance is given that everything possible will be done to protect and support him or her.
- The child is made aware of what will happen once the report is made.
- An immediate need for safety is determined.
- A report to the proper authorities is made.

If the child discloses the abuse during a lesson, acknowledgement is given and the lesson is continued. Afterwards, a quiet place is found where the teacher can talk with the child alone.

As a mandated reporter, any member of our staff who reasonably suspects that child abuse has occurred must provide his or her name and the following information when making the telephone report to a child protective agency:

- Name of the child
- Present location of the child
- Nature and extent of injury
- Any other information, including that which led the person to suspect child abuse, requested by the child protective agency. (Penal Code, 11157, subdivision (a).)

The written report is filed on Department of Justice Forms SS 8572 and SS 8583, which are obtained from county welfare and probation departments and local law enforcement agencies. Medical personnel then complete a special, uniform reporting form developed by the Attorney General, entitled "Medical Report – Suspected Child Abuse" (DOJ 900).

Reports are investigated either by the local law enforcement agency and/or by the county child welfare services (child protective services) agency. Cross reporting by these agencies is required to ensure that law enforcement, child welfare agencies, and district attorneys receive all reports they should review, whether initially reporting to them or to another child protective agency. (Penal Code, 11166, subdivision (g).)

The following signs serve as a warning to school personnel that possible abuse has taken place:

Physical

- Unexplained fractures, lacerations or bruises
- Burns (cigarette, rope, scalding water, iron)
- Extreme fear or withdrawal
- Destructive and/or self-destructive behavior

Sexual

- Precocious knowledge of explicit sexual behavior
- Fearful, withdrawn, hostile or aggressive behavior
- Attempts to run away or running away
- Pseudo-mature (seems mature beyond chronological age)
- Promiscuous behavior

Neglect

- Dirty, unkempt
- Inappropriate dress for weather
- Extremely offensive body odor
- Malnutrition (extremely thin, dry or flaking skin, pale, fainting)
- Unattended medical conditions (infected minor burns, impetigo)

Perris High School is aware that it is not our role to investigate suspected child abuse. Instead, it is our responsibility to report the abuse and set in motion the process of getting help for the child.

5) Suspension and Expulsion

BP 5144.1 - Suspension and Expulsion/Due Process

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when his/her behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus
4. During, going to, or coming from a school-sponsored activity

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

Appropriate Use of Suspension Authority

Except when a student's act violates Education Code 48900(a)-(e), as listed in items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when his/her presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

No student may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

On-Campus Suspension

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (Education Code 48915)

1. Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Selling or otherwise furnishing a firearm
3. Brandishing a knife at another person
4. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058

6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation under "Grounds for Suspension and Expulsion: Grades K-12" and "Additional Grounds for Suspension and Expulsion: Grades 4-12," the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording them their due process rights under the law. The

Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall annually present to the Board a report of the outcome data which the district is required to collect pursuant to Education Code 48900.8 and 48916.1, including the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

All suspensions are preceded by an informal conference between the student and a school administrator during which the student shall be informed of the reason for the suspension and the evidence that supported the action. It is the policy of the school to telephone parents at the time of the suspension, but in all cases, a notice is mailed within 24 hours. 3. A description of sexual harassment, with examples
4. The district's complaint process available to the employee
5. The legal remedies and complaint process available through DFEH and the Equal Employment Opportunity Commission (EEOC)
6. Directions on how to contact DFEH and the EEOC
7. The protection against retaliation provided by 2 CCR 11021 for opposing harassment prohibited by law or for filing a complaint with or otherwise participating in an investigation, proceeding, or hearing conducted by DFEH and the EEOC

In addition, the district shall post, in a prominent and accessible location, the DFEH poster on discrimination in employment and the illegality of sexual harassment and the DFEH poster regarding transgender rights. (Government Code 12950)

BP 5145.7 - Sexual Harassment

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult who has experienced off-campus sexual harassment that has a continuing effect on campus to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer.

Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation and that, to the extent possible, when such interim measures are taken, they shall not disadvantage the complainant or victim of the alleged harassment

Complaint Process and Disciplinary Actions

Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

Upon investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall have his/her employment terminated in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

AR 5145.7 - Sexual Harassment

Complaints of sexual harassment shall be investigated and resolved under AR 1312.3 - Uniform Complaint Procedures. Any student who believes he/she has been sexually harassed by another student, an employee, a third party may file a complaint. Irrespective of whether or when a complaint is filed, the district will take affirmative steps to address allegations of unlawful discrimination, in a manner appropriate to the particular circumstances once it has received notice of such allegations through other means, such as a verbal complaint or an unsigned statement. If an investigation reveals that discrimination has occurred, the District will take steps to prevent recurrence of discrimination and correct its discriminatory effects on the student, and on others, if appropriate.

The district designates the following individual as the responsible employee to coordinate its efforts to comply with Title IX of the Education Amendments of 1972 and California Education Code 234.1, as well as to investigate and resolve sexual harassment complaints under AR 1312.3. The coordinator/compliance officer may be contacted at:

Assistant Superintendent - Human Resources or Designee
155 E. Fourth Street
Perris, CA 92570
(951) 943-6369 ext. 80302

A student may file an unlawful discrimination complaint under AR 1312.3 and, if desired, simultaneously proceed with a criminal complaint. The coordinator/compliance officer shall regularly inform the complainant and the subject of the complaint, i.e., the respondent, of the status of the investigation conducted by the District under AR 1312.3. If applicable, the district will take interim measures to protect the complainant as further described in AR 1312.3 and AR 5145.7. When and if applicable, the coordinator/compliance officer will inform the complainant and respondent of the status of the investigation and when the investigation resumes if any temporary delay is caused by the initiation of a criminal investigation.

Where applicable, the complainant and the respondent will be provided notice if the district needs to extend the time to complete the investigation. As with the complainant, the respondent may file a complaint with the Board if dissatisfied with the coordinator's/compliance officer's decision with respect to the investigation prior to the district's final written decision as further described in AR 1312.3.

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the educational setting, under any of the following conditions: (Education Code 212.5; 5 CCR 4916)

1. Submission to the conduct is explicitly or implicitly made a term or condition of a student's academic status or progress.
2. Submission to or rejection of the conduct by a student is used as the basis for academic decisions affecting the student.
3. The conduct has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment.
4. Submission to or rejection of the conduct by the student is used as the basis for any decision affecting the student regarding benefits and services, honors, programs, or activities available at or through any district program or activity.

Examples of types of conduct which are prohibited in the district and which may constitute sexual harassment include, but are not limited to:

1. Unwelcome leering, sexual flirtations, or propositions
2. Unwelcome sexual slurs, epithets, threats, verbal abuse, derogatory comments, or sexually degrading descriptions
3. Graphic verbal comments about an individual's body or overly personal conversation
4. Sexual jokes, derogatory posters, notes, stories, cartoons, drawings, pictures, obscene gestures, or computer-generated images of a sexual nature
5. Spreading sexual rumors
6. Teasing or sexual remarks about students enrolled in a predominantly single-sex class
7. Massaging, grabbing, fondling, stroking, or brushing the body
8. Touching an individual's body or clothes in a sexual way
9. Impeding or blocking movements or any physical interference with school activities when directed at an individual on the basis of sex
10. Displaying sexually suggestive objects
11. Sending of sexual pictures, images, web pages, or messages through text messaging, social media, or other technologies using a telephone, computer, or any wireless communications device
12. Sexual assault, sexual battery, or sexual coercion.

In conducting its investigation under AR 1312.3, the coordinator/compliance officer will consider whether any off-campus sexual harassment has continuing effects on campus in evaluating whether a hostile educational environment exists.

Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or designee.

When a report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures.

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

Response Pending Investigations

When an incident of sexual harassment is reported and irrespective of whether a related criminal investigation is pending, the principal or designee, in consultation with the compliance officer, shall determine whether interim measures are necessary pending the results of an AR 1312.3 and/or criminal investigation. The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and

protect students and/or ensure their access to the educational program. Such measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

Notifications

Such internal complaints are investigated promptly, confidentially and corrective action is taken where allegations are verified.

Any employee or applicant for employment who feels that he/she or another individual in the District is being sexually harassed is encouraged to immediately contact his/her supervisor, principal, other district administrator or the Superintendent or designee in order to obtain procedures for reporting a complaint.

Complaints of harassment are filed in accordance with AR 4031, "Complaints Concerning Discrimination in Employment". Any supervisor who receives a harassment complaint notifies the Superintendent or designee, who ensures that the complaint is appropriately investigated.

All employees receive either a copy of information sheets prepared by the California Department of Fair Employment and Housing or a copy of the District's information sheets that contain, at minimum, components on:

1. The illegality of sexual harassment
2. The definition of sexual harassment under applicable state/federal law
3. A description of sexual harassment, with examples
4. The District's complaint process available to the employee

8) Dress Code

EC 35183 - Schools Implementation of Dress Code

- A. The Legislature finds and declares each of the following:
 1. The children of this state have the right to an effective public school education. Both students and staff of the primary, elementary, junior and senior high school campuses have the constitutional right to be safe and secure in their persons at school. However, children in many of our public schools are forced to focus on the threat of violence and the messages of

violence contained in many aspects of our society, particularly reflected in gang regalia that disrupts the learning environment.

2. "Gang-related apparel" is hazardous to the health and safety of the school environment.
 3. Instructing teachers and administrators on the subtleties of identifying constantly changing gang regalia and gang affiliation takes an increasing amount of time away from educating our children.
 4. Weapons, including firearms and knives, have become common place upon even our elementary school campuses. Students often conceal weapons by wearing clothing, such as jumpsuits and overcoats, and by carrying large bags.
 5. The adoption of a schoolwide uniform policy is a reasonable way to provide some protection for students. A required uniform may protect students from being associated with any particular gang. Moreover, by requiring schoolwide uniforms teachers and administrators may not need to occupy as much of their time learning the subtleties of gang regalia.
 6. To control the environment in public schools to facilitate and maintain an effective learning environment and to keep the focus of the classroom on learning and not personal safety, schools need the authorization to implement uniform clothing requirements for our public school children.
 7. Many educators believe that school dress significantly influences pupil behavior. This influence is evident on school dressup days and color days. Schools that have adopted school uniforms experience a "coming together feeling," greater school pride, and better behavior in and out of the classroom.
- B. The governing board of any school district may adopt or rescind a reasonable dress code policy that requires pupils to wear a schoolwide uniform or prohibits pupils from wearing "gang-related apparel" if the governing board of the school district approves a plan that may be initiated by an individual school's principal, staff, and parents and determines that the policy is necessary for the health and safety of the school environment. Individual schools may include the reasonable dress code policy as part of its school safety plan, pursuant to Section 32281.
- C. Adoption and enforcement of a reasonable dress code policy pursuant to subdivision (b) is not a violation of Section 48950. For purposes of this section, Section 48950 shall apply to elementary, high school, and unified school districts. If a schoolwide uniform is required, the specific uniform selected shall be determined by the principal, staff, and parents of the individual school
- D. A dress code policy that requires pupils to wear a schoolwide uniform shall not be implemented with less than six months' notice to parents and the availability of resources to assist economically disadvantaged pupils.
- E. The governing board shall provide a method whereby parents may choose not to have their children comply with an adopted school uniform policy.
- F. If a governing board chooses to adopt a policy pursuant to this section, the policy shall include a provision that no pupil shall be penalized academically or otherwise discriminated against nor denied attendance to school if the pupil's

parents chose not to have the pupil comply with the school uniform policy. The governing board shall continue to have responsibility for the appropriate education of those pupils.

- G. A policy adopted pursuant to this section shall not preclude pupils that participate in a nationally recognized youth organization from wearing organization uniforms on days that the organization has a scheduled meeting.

(Amended by Stats. 2003, Ch. 828, Sec. 10. Effective January 1, 2004.)

BP 5132 – Dress & Grooming

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

Gang-Related Apparel

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

Uniforms

In order to promote student safety and discourage theft, peer rivalry and/or gang activity, the principal, staff and parents/guardians at a school may establish a reasonable dress code requiring students to wear uniforms. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

If a school's plan to require uniforms is adopted, the Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms.

AR 5132 – Dress & Grooming

In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with law, Governing Board policy and administrative regulations. These school dress codes shall be regularly reviewed.

Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5)

In addition, the following guidelines shall apply to all regular school activities:

1. Shoes must be worn at all times. Sandals must have heel straps. Thongs or backless shoes or sandals are not acceptable.
2. Clothing, jewelry and personal items (backpacks, fanny packs, gym bags, water bottles etc.) shall be free of writing, pictures or any other insignia which are crude, vulgar, profane or sexually suggestive, which bear drug, alcohol or tobacco company advertising, promotions and likenesses, or which advocate racial, ethnic or religious prejudice.
3. Hats, caps and other head coverings shall not be worn indoors.
4. . Clothes shall be sufficient to conceal undergarments at all times. See-through or fish-net fabrics, halter tops, off-the-shoulder or low-cut tops, bare midriffs and skirts or shorts shorter than mid-thigh are prohibited.
5. Gym shorts may not be worn in classes other than physical education.
6. Hair shall be clean and neatly groomed. Hair may not be sprayed by any coloring that would drip when wet.

Coaches and teachers may impose more stringent dress requirements to accommodate the special needs of certain sports and/or classes.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

The principal, staff, students and parent/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

Gang-Related Apparel

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received.

Uniforms

In schools where a schoolwide uniform is required, the principal, staff and parents/guardians of the individual school shall jointly select the specific uniform to be worn. (Education Code 35183)

At least six months before a school uniform policy is implemented, the principal or designee shall notify parents/guardians of this policy. (Education Code 35183)

Parents/guardians shall also be informed of their right to have their child exempted.

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

Site Procedures

Perris High School adheres to the Perris Union High School District dress code, which has established standards for student dress and grooming. The Governing Board believes that it is important for parents/guardians and community members to take an active interest in the issues affecting district schools and students. To ensure the safety of students and staff and minimize interruption of the instructional program, the Superintendent or designee shall establish standardized District wide procedures, which facilitate visits during regular school days. Presence of Sex Offender on Campus

Any person who is required to register as a sex offender pursuant to Penal Code 290, including a parent/guardian of a district student, shall request written permission from the principal before entering the school campus or grounds. As necessary, the principal shall consult with local law enforcement authorities before allowing the presence of any such person at school or other school activity. The principal also shall report to the Superintendent or designee anytime he/she gives such written permission.

The principal shall indicate on the written permission the date(s) and times for which permission has been granted. (Penal Code 626.81)

AR 1250 Visitors/Outsiders

The Superintendent or designee shall post at every entrance to each school and school grounds a notice describing registration requirements, school hours or hours during which registration is required, the registration location, the route to take to that location, and the penalties for violation of registration requirements (Education Code 32211; Penal Code 627.6)

Principal's Registration Authority

The Superintendent or designee shall develop a standardized District wide visitor registration process. This process may include visitors providing some form of identification as part of the registration process. Visitors will be given a visitor identification that shall be worn at all times during the visit. Visitors shall also be

provided with the District policy regarding visitors and their conduct while on the campus.

The principal or designee may refuse to register any visitor if he/she reasonably concludes that the individual's presence or acts would disrupt the school, students, or employees; would result in damage to property; or would result in the distribution or use of a controlled substance. The principal or designee or school security officer may revoke any visitor's registration if he/she has a reasonable basis for concluding that the individual's presence on school grounds would interfere or is interfering with the peaceful conduct of school activities or would disrupt or is disrupting the school, students, or staff (Penal Code 627.4)

When a visitor fails to register, or when the principal or designee denies or revokes a visitor's registration privileges, the principal or designee may request that the individual promptly leave school grounds. When a visitor is directed to leave, the principal or designee shall inform him/her that if he/she reenters the school within seven days he/she may be guilty of a misdemeanor subject to a fine and/or imprisonment (Penal Code 627.7)

Dependent Children at District Sites

The District has a long standing practice of prohibiting employees and volunteers from bringing their children to the work site during working hours, including in-service training, professional development, and similar District programs. When dependents are brought to work, they create potential medical, safety and liability issues, supervision concerns, work day violations, and additionally, may be distracting to students who are trying to learn. For your children's safety, the safety of our students and the reasons listed above, please do not bring your children to work with you, nor should you allow volunteers to bring their non-student children to the work site or school events. Emergency and unique situations must be discussed with your supervisor. Thank you for your cooperation and assistance in making our school district a safer working and learning environment.

Site Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff

Egress and Ingress to the campus have been effectively handled at Perris High School. Both classified and certificated personnel have report times prior to student arrival.

Main gates to the campus are unlocked at 7:00 a.m. Students arriving on campus are not allowed to leave campus once they arrive. The morning bell rings at 7:40 a.m., and again 1 minute prior to 7:45. Instruction begins following this. All gates to the campus are secured at this time with the exception of the front entry gate, which is locked at 8:00 a.m. All students arriving after 7:45, but prior to 8:00 a.m. are directed to the attendance office for tardy slips. Perris High School practices a "Tardies Not Tolerated" (TNT) program. At 8:00 a.m. the main entry gate is locked. Any student arriving past 8:00 a.m. are given a TNT as a pass to attend class. The only entrance into the school after 8:00 a.m. is the main office entryway. Visitors who arrive after this time are to sign in and

obtain a pass identifying them as such. Students who are late are processed and directed to attendance.

The regular school day at Perris High School lasts from 7:45 a.m. to 2:45 p.m. The access gates are unlocked approximately at 2:45 p.m. The access gates are locked again at 3:00 p.m., with the exception of the walk through entry gate by the main parking lot adjacent to the pool. This is due to the numerous activities and sports that take place on campus.

All unauthorized persons entering the campus must sign in and identify their purpose and destination. In addition, parents or guardians picking up students prior to the end of the school day must sign in and be authorized according to emergency card information.

In the event that a student leaves our campus without permission, the parent or guardian is immediately contacted. If the parent or guardian is unavailable, law enforcement is contacted, and appropriate steps are taken to locate the child.

If, for some reason, the office is notified that a student did not arrive home at the expected time, steps are taken to verify the following:

- Who last saw the child?
- What mode of transportation was used?
- What dismissal procedures did his or her classroom teacher follow?

Once these questions are addressed, both parents and office staff follow up on the situation until the child is located, or the need for further intervention is determined.

Absence from school breaks the continuity of learning, which may lead to frustration and acting out. According to state law, our students are required to attend school each day they are physically able. Students may only be absent from school due to valid reasons for an absence as outlined in California Education Code guidelines, Section 46010.

11) Safe and Orderly Environment Conducive to Learning

Eye safety devices may be sold to students for an amount not to exceed their actual cost to the district. (Education Code 32030, 32031, 32033)

Site Procedures

An orderly environment is an integral part of a safe school atmosphere. Parent/student intake programs, Awards Assemblies, both contribute to a school culture that is both positive and well disciplined. Students are required to wear their school identification at all times. PHS provided to the students a lanyard for which students are to wear making their student identification visible to all staff members at all times. To further cultivate such an atmosphere, Perris High School has instituted a morning nutrition break, and lunch bell schedule that incorporates 2 lunch periods and minimizes student overpopulation and overlap on the campus. Students who arrive early for school are supervised by designated personnel. There is a five-minute interval between classes being safe and orderly for all students. Teachers are required to hold students in class the first and last 10 minutes of each class to effectively monitor students and promote good attendance.

Students arriving to class late disrupt the learning process and detract from an orderly environment. Our tardy policies are rigorously followed, with the following consequences: The first through fourth offense of student tardies are managed by the classroom teacher. The fifth through eighth offenses are managed through the behavior support office. Following the late bell each period, campus supervisors will conduct a tardy sweep. All students will be swept into class for up to 30 minutes into each period. Students found out of class more than 30 minutes after the beginning of the period will be brought to discipline. These students will be referred to the behavior support office.

To create a school culture that promotes self-monitoring behavior, Perris High School provides its students with an education on a wide range of safety issues. Safety assemblies are held on a regular basis throughout the year. They include, but are not limited to:

- Red Ribbon Week (substance abuse)
- Teen Impaired Safety Program
- Pre-Prom Program
- Kindness Week
- Mental Health Awareness Week
- Link Crew Assemblies for Freshmen

Safety education is reinforced in the classroom with discussions, and special projects, such as theme posters, and writing prompts.

Teachers are required to meet and greet their students by standing outside their door prior to each period. Campus supervisors and site administrators work together to get students to class on time. Students who require school-provided transportation are supervised by assigned staff at the boarding area. Personnel remain on duty until the buses are loaded and pulling out of the parking lot.

During times of heightened air pollution (especially spring, summer, and fall) the District Office sends out a daily air quality report obtained from local government sources. This report makes recommendations of individual physical activity based upon the current air quality. Perris High School uses this to limit outside activities, especially physical education or after school athletic events, to protect the health of our students and staff. In addition to this, Perris High received a personal weather monitor which tracks the weather and can be utilized to assess conditions for physical activity.

11) School Discipline

In addition, the Superintendent or designee's strategies for correcting student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed. (Education Code 48900.5)

School personnel and volunteers shall not allow any disciplinary action taken against a student to result in the denial or delay of a school meal. (Education Code 49557.5)

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

The Superintendent or designee shall provide professional development as necessary to assist staff in developing the skills needed to effectively implement the disciplinary strategies adopted for district schools, including, but not limited to, consistent school and classroom management skills, effective accountability and positive intervention techniques, and development of strong, cooperative relationships with parents/guardians.

At the beginning of each school year, the Superintendent or designee shall report to the Board regarding disciplinary strategies used in district schools in the immediately preceding school year and their effect on student learning.

AR 5144 - Discipline

Detention After School

Students may be detained for disciplinary reasons up to one hour after the close of the maximum school day. (5 CCR 353)

Such service may include, but is not limited to, community or school outdoor beautification, campus betterment, and teacher, peer, or youth assistance programs. (Education Code 48900.6)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to Education Code 48915. However, if the recommended expulsion is not implemented or the expulsion itself is suspended, then the student may be required to perform community service for the resulting suspension. (Education Code 48900.6)

Notice to Parents/Guardians and Students

At the beginning of the school year, the Superintendent or designee shall notify parents/guardians, in writing, about the availability of district rules related to discipline. (Education Code 35291, 48980)

Philosophy

We believe that responsible citizenship begins in the home and is reinforced at school. The primary responsibility for citizenship instruction, therefore, rests with the parents. Freedom and responsibility go hand in hand and students have a responsibility to others in their school relationships. Good citizenship should be rewarded and poor citizenship should be discouraged. We believe all students can behave appropriately and must be held accountable for their actions.

Responsibility for following rules is the students'. Students must know the rules and regulations of the school, be responsible for their part in maintaining these regulations, be aware of the consequences when they are broken and be reinforced positively when they are conforming to the concept of good citizenship. We believe good citizenship and good academic performance are related.

The Attendance and Discipline Handbook outlines the rules as they exist and are formulated to enforce the above listed philosophy. Parents and students are expected to sign for the handbook.

Students who choose not to follow classroom or school rules receive a referral for their misbehavior. Discipline is progressive and begins with the classroom teacher. This depends upon the individual classroom teacher's discipline plan.

If the student is sent to the discipline office, progressive discipline is utilized. The student may be counseled, given lunch detention, assigned On Campus Detention for a period, assigned Saturday School, On Campus Suspension, or Off Campus Suspension to name

the most common options to use. The appropriate discipline will depend on the gravity of the misbehavior and prior record.

Positive Consequences for Appropriate Behavior

Perris High School believes that when students choose to follow school rules, their positive behavior should be rewarded. As opportunities arise, special events or activities are used to reward student for positive behavior.

Classroom

Individual teachers determine their own procedures in collaboration with the school wide system.

Site Procedures

Perris High School Health and Safety Programs offer a combination of health knowledge, skills, and motivation. The program challenges students to achieve their personal health potential in a manner that is meaningful to them. This approach has the added advantage of fostering self-concept, personal responsibility, critical thinking, conflict resolution, and many other critical life skills.

The health curriculum includes personal/mental health, nutrition and fitness, alcohol, tobacco, and other drugs, stress management/suicide prevention, human growth and sexuality, family life, disease prevention/HIV/AIDS, safety and injury prevention, violence prevention, and community and consumer health. A curriculum connection is also provided to facilitate the integration of health activities into other educational topics, such as language arts, social skills, math, and science. A parent component is also

provided. The goals of the component are to keep parents informed of the health topics being discussed, to provide an avenue of communication about important health issues, and for promoting the health of all students and their families.

PHS' Perris Valley Recovery holds groups for students struggling with Tobacco and Drug use on campus as recommended by counselors and the discipline office. Groups are held weekly in the career center. In addition, random K-9 searches are conducted weekly of random areas on campus.

(Amended by Stats. 1999, Ch. 646, Sec. 25. Effective January 1, 2000.)

Site Procedures

Perris High School utilizes a variety of staff to reduce and avoid violence on campus. All staff members deal on a daily basis with students who may have minor conflicts on campus. As is the protocol, when an act of violence is committed amongst students, the counselor is notified and conducts mediation in an attempt to curb on-going or future behavior. Behavior contracts are often utilized in these instances. The school utilizes an

SRO (School Resource Officer) as needed to deal with violent acts on campus. Our SRO's also work very closely with the probation department to assist them in monitoring students.

Perris High School recognizes that gangs exist locally and that students may have gang affiliations. Gang activity is not allowed on campus. The Governing Board desires to keep district schools free from the threats or harmful influence of any groups or gangs which exhibit drug use, violence or disruptive behavior. The Principal or designee shall take steps to deter gang intimidation of students and staff and confrontations between members of different gangs. School personnel will attempt to track any gang affiliation and report it to the local authorities. The school will request that this information then be forwarded to the Gang Task Force.

Clothing that may have gang implications is not allowed. This includes, but is not limited to, belt buckles (13, 14, "P", etc), sports team designations, hats other than district school issued hats, and tagging on any surface or item.

The Superintendent or designee shall provide in-service training which helps staff to identify gangs and gang symbols, recognize early manifestations or disruptive activities, and respond appropriately to gang behavior.

School Threat Assessment and Response (STAR)

The nation continues to be stunned by violent threats or incidents involving students on school campuses. Research indicates these potentially violent youth do not just snap; rather, they exhibit warning signs prior to acting out. The Secret Service found that in more than 75% of the incidents they studied, other youth knew about the attack before it occurred, and an adult had expressed concerns about the student. In more than half of the cases, more than one person had expressed concern. Over half of the attackers developed the idea to harm the target at least two weeks prior to the incident. Noting the devastation and wishing to avoid the tragic experiences of other communities which have suffered senseless violence on school campuses, a Multi-Agency Team (MAT) has been comprised, consisting of the Superior Court of CA in Riverside, the Riverside County Sheriff's Department and other law enforcement agencies, in conjunction with the Probation Department, the District Attorney's Office, Department of Public social Services and Riverside University Health System – Behavioral Health, the Riverside County Office of Education, and local school districts.

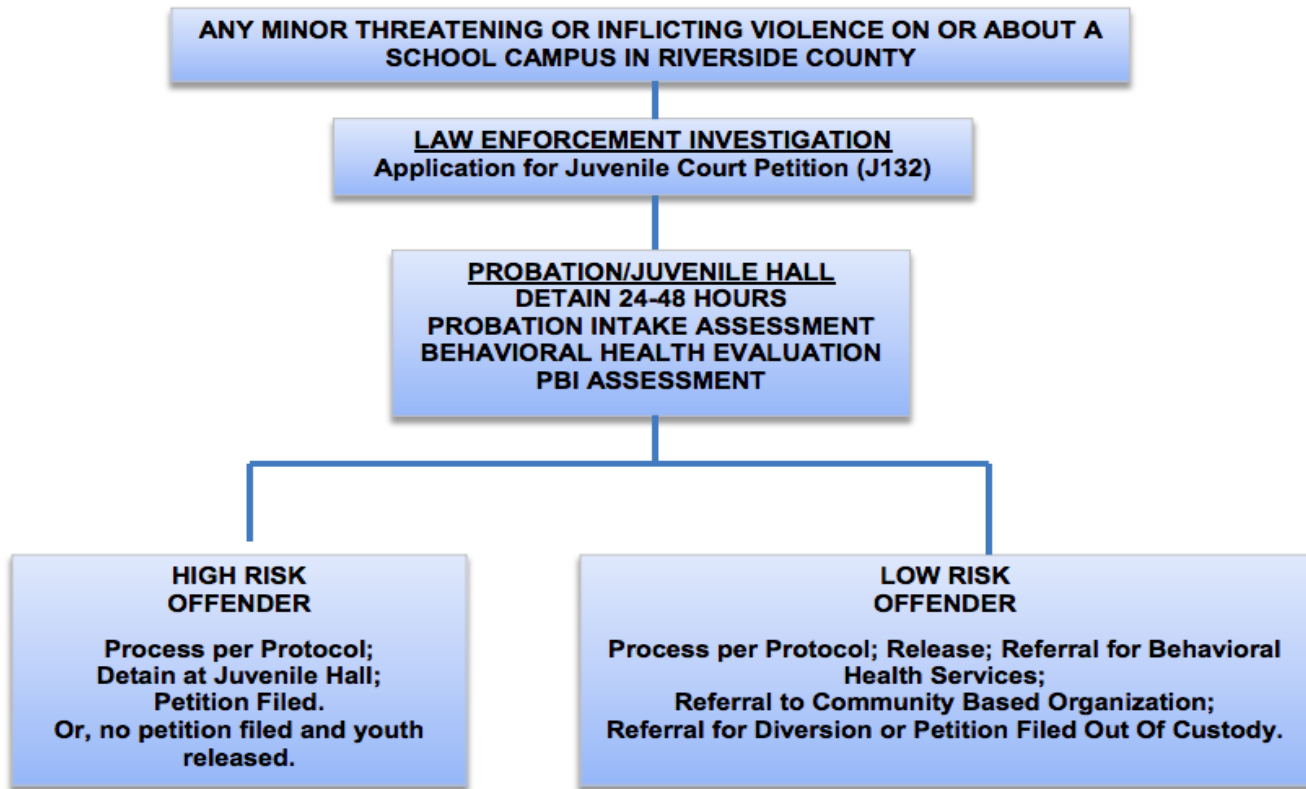

This Protocol is to be used in school-related incidents for prevention, threat assessment, intervention, and response to youth who are at risk to commit or have committed a violent act. Members of the MAT have agreed to the uniform implementation, enforcement, and reporting of incidents involving youth and guns/explosive devices or threat of great harm to students, schools, or school staff. Based upon law enforcement's assessment of the situation, the Protocol may also be used for other weapon or broad ranging criminal threat offenses.

The members of the Multi-Agency Team (MAT) have also agreed in principle that:

1. Law Enforcement will investigate and prepare a written report of the circumstances of the incident. They will expand the investigation by contacting the parent(s) and/or legal guardian(s) and make a home visit to conduct a safety evaluation.
2. The Probation Department (Probation) will detain the youth at Juvenile Hall pursuant to a law violation. The Detention Control Officer will notify the Juvenile Field Intake Unit of the youth being detained under the STAR Protocol. Information and assessment from the combined members of the team will be used to determine future intervention strategies, including continued detention.
3. The Riverside County Office of Education (RCOE) will make information available concerning the youth to the appropriate agencies, and serve as a liaison between MAT and local school districts.
4. The Riverside University Health System – Department of Behavioral Health (Behavioral Health) will administer and interpret the results of the Problem Behavior Inventory assessment tool within 24 hours of the youth being booked into Juvenile Hall, and complete an evaluation to determine if the youth is a danger to themselves or others. Information from other cooperating agencies will be considered while completing the assessment, which will be shared with members of the team where appropriate, pursuant to rules and regulations regarding confidentiality.
5. The District Attorney's Office (District Attorney) will review all reports for legal sufficiency and prosecute any youth found to have threatened great harm to students, schools, or school staff, or youth in possession of a gun, explosive device, or other dangerous weapon on a school campus. Prosecution against the parent, legal guardian, or responsible party will be enforced when appropriate. The District Attorney's Office will coordinate with the MAT to ensure the interests of public safety and the youth are protected.
6. The Department of Public Social Services (DPSS) Child Protective Services Division (CPS) will respond upon request from law enforcement to conduct a family and child welfare assessment to determine the overall well-being and functioning of other children in the home. CPS will also research its database to determine if there is an open file or CPS history on the youth or their family and share the information with the MAT.

7. The Juvenile Court judge will hear and make an order on School Threat Assessment and Response cases whenever a Juvenile Court petition has been filed.
8. The STAR Protocol will be reviewed and updated biennially.

15) Other conflict resolutions programs

BP 5138 - Conflict Resolution/Peer Mediation

To promote student safety and contribute to the maintenance of a positive school climate, the Governing Board encourages the development of school-based conflict resolution

programs designed to help students learn constructive ways of handling conflict. The Board believes that such programs can reduce violence and promote communication, personal responsibility and problem-solving skills among students.

Conflict resolution strategies shall be considered as part of each school's comprehensive safety plan and incorporated into other district discipline procedures as appropriate. Conflict resolution programs shall not supplant the authority of staff to take appropriate action as necessary to prevent violence, ensure student safety, maintain order in the school, and institute disciplinary measures.

Schoolwide programs may include curriculum in conflict resolution, including, but not limited to, instruction in effective communication and listening, critical thinking, problem-solving processes and the use of negotiation to find mutually acceptable solutions. In addition, the curriculum may address students' ethical and social development, respect for diversity, and interpersonal and behavioral skills.

Conflict resolution programs may incorporate peer mediation strategies in which selected students are specially trained to work with their peers in resolving conflicts.

Students' participation in any peer mediation program shall be voluntary and kept confidential by all parties involved.

In developing a conflict resolution and/or peer mediation program, school-site teams shall address, as appropriate:

1. The grade levels and courses in which the conflict resolution curriculum shall be delivered
2. Staff development related to the implementation of the curriculum and modeling of appropriate behaviors and communication skills
3. The selection of peer mediators involving, to the extent possible, a cross-section of students in terms of grade, gender, race, ethnicity, and socioeconomic status, and including some students who exhibit negative leadership among peers
4. Training and support for peer mediators, including training in mediation processes and in the skills related to understanding conflict, communicating effectively and listening
5. The process for identifying and referring students to the peer mediation program
6. The types of conflicts suitable for peer mediation
7. Scheduling and location of peer mediation sessions
8. Methods of obtaining and recording agreement from all disputants
9. The appropriate involvement of parents/guardians, the community and staff, including counseling/guidance and security staff
10. Communications to students, parents/guardians and staff regarding the availability of the program

11. Methods of following up with students to determine the effectiveness of the process
12. Development of assessment tools to periodically evaluate the success of the program including, but not limited to, measurements of whether there has been a reduction in violence at the school and whether the school's suspension rates have fallen since the program has been introduced

Site Procedures

Perris High School utilizes multiple staff members to counsel students to avoid conflict between students. The academic counselor, teachers, campus supervisors, other classified personnel, and administration are all involved to some degree working to resolve low level student peer conflicts through counseling techniques.

For more serious conflicts, the principal, assistant principal and counselors are involved in in-depth counseling. They utilize behavior and peer contracts when appropriate.

16) Integrated Pest Management Plan

Healthy Schools Act of 2000

In September 2000 Governor Davis signed into law the Healthy Schools Act of 2000 (Assembly Bill 2260). This law requires schools to notify parents, guardians and school employees about pesticides used in their schools, and require the Department of Pesticide Regulation to promote the voluntary adoption of integrated pest management (IPM) practices in California schools. Most provisions of the law took effect January 1, 2001.

School District requirements of the Law

- Notification of all pesticide products the school District expects to use on school grounds must be sent annually to parents or guardians of all students. These products include over-the-counter pesticides available at retail outlets, but do not include certain products exempted under the law. The notifications must list the active ingredients in each pesticide product and the Internet address for the Department of Pesticide Regulation (DPR) to access additional information.
- Each school will establish a list of parents or guardians who want to be notified before individual pesticide applications are made.
- Each school district will ensure that warning notices are posted in areas where pesticides will be applied. These signs will be posted 24 hours in advance and 72 hours after application of pesticides, and will contain information as specified in the law.
- Each school will maintain records of all pesticide use at the school for four years and the records will be available to the public upon request.

Perris Union High School District's Integrated Pest Management Plan

We have implemented a database application and other related systems to ensure that our District is in compliance with the law. In addition we have developed an "Integrated Pest

Management Plan” that utilizes regular monitoring and record keeping determining if and when treatments are needed, and employs a combination of strategies and tactics to keep pest numbers low enough to prevent unacceptable damage or annoyance.

Important Guidelines

These guidelines should be followed by all staff to assist in effectively managing the use of pesticides on our sites:

- Site staff should notify their site administrator when pest control is needed.
- Administrative staff should notify Maintenance and Operations via a work order when pest control is needed.
- Staff must not use any type of pest control chemicals at any school site.
- Staff should eliminate food stuffs in their work areas that might attract pests, i.e., cakes, cookies, candies, sack lunches, sugary beverages, etc.

For immediate pest control response, i.e. swarming bees or ants, Maintenance & Operations should be contacted via phone @ (951) 943-6369, x80252.

17) Injury and Illness Prevention

Perris Union High School District’s Injury and Illness Prevention Plan

The Perris Union High School District is committed to providing a safe and healthful workplace for all of its employees and to providing a safe and healthful facility for all students and site visitors. To fulfill its obligation the District has incorporated an Injury and Illness Prevention Program. The intent of this Program is to prevent or minimize the probability of injuries and illnesses to workers, students and visitors, and to comply with applicable State, Federal and local health and safety codes, standards and regulations.

The Injury and Illness Prevention Program is intended to standardize various safety programs and procedures into one effective, uniform program and to ensure compliance with State and Federal safety regulations.

The Program identifies the District’s responsibilities and also defines responsibilities of the Program Coordinator, administrators, managers, supervisors and all other employees.

The components described in the District’s IIPP are:

- Communication
- Identification & Evaluation of Workplace Hazards
- Corrections of Unsafe or Unhealthful Conditions
- Investigations of Occupational Injury, Illness or Exposure to Hazardous Substances
- Employee Training
- Record Keeping
- Plan Review

The District, its Board and its management pledges support of this Program to ensure that it remains a viable method of protecting all employees and all other site occupants.

18) Site Safety Inspection Checklists

BP 3514.1 – Hazardous Substances

The Governing Board desires to provide a safe school environment that protects students and employees from exposure to any potentially hazardous substances used in the district's educational program and in the maintenance and operation of district facilities and equipment.

Insofar as reasonably possible, the Superintendent or designee shall minimize the quantities of hazardous substances stored and used on school property. When hazardous substances must be used, the Superintendent or designee shall give preference to materials that cause the least risk to people and the environment.

The Superintendent or designee shall ensure that all potentially hazardous substances on district properties are inventoried, used, stored, and regularly disposed of in a safe and legal manner.

The Superintendent or designee shall develop, implement, and maintain a written hazard communication program in accordance with 8 CCR 5194 and shall ensure that employees, students, and others as necessary are fully informed about the properties and potential hazards of substances to which they may be exposed.

The Superintendent or designee shall develop specific measures to ensure the safety of students and staff in school laboratories where hazardous chemicals are used. Such measures shall include the development and implementation of a chemical hygiene plan in accordance with 8 CCR 5191 and instruction to students about proper handling of hazardous substances.

The Superintendent or designee shall not order or purchase for use in grades K-6 any arts and crafts materials containing a substance determined by the California Office of Environmental Health Hazard Assessment to be toxic. The Superintendent or designee shall not purchase any such toxic material for use in grades 7-12 unless it includes a warning label as specified in Education Code 32065 that identifies any toxic ingredients, warns of potential adverse health effects, and describes procedures for safe use and storage. (Education Code 32064)

AR 3514.1 – Hazardous Substances

Cautionary Notice 2013-14: AB 110 (Ch. 20, Statutes of 2013) amended Government Code 17581.5 to relieve districts from the obligation, until July 1, 2014, to perform any activities that are deemed to be reimbursable state mandates under that section. As a result, certain provisions of the following policy or administrative regulation that reflect those requirements may be suspended.

Hazardous substance means a substance, material, or mixture which is likely to cause illness or injury by reason of being explosive, flammable, poisonous, corrosive, oxidizing, an irritant, or otherwise harmful. Hazardous substances, as identified by the Department of Industrial Relations, are listed in 8 CCR 339. (8 CCR 339, 5161)
Storage and Disposal of Chemicals

The Superintendent or designee shall adopt measures to ensure that hazardous substances on any district property are stored and disposed of properly in accordance with law. Such measures shall include, but are not limited to, the following: (8 CCR 5164)

1. Substances which react violently or evolve toxic vapors or gases when mixed, or which in combination become toxic, flammable, explosive, or otherwise hazardous, shall be separated from each other in storage by distance, partitions, secondary containment, or otherwise so as to preclude accidental contact between them.
2. Hazardous substances shall be stored in containers which are chemically inert to and appropriate for the type and quantity of the hazardous substance.
3. Containers of hazardous substances shall not be stored in such locations or manner as to result in physical damage to or deterioration of the container or where they are exposed to heat sufficient to rupture the container or to cause leakage.
4. Containers used to package a substance which gives off toxic, poisonous, corrosive, asphyxiant, suffocant, or anesthetic fumes, gases, or vapors in hazardous amounts, excluding small quantities of such materials kept in closed containers or materials kept in tank cars or trucks, shall not be stored in locations where it could be reasonably anticipated that persons would be exposed.

The Superintendent or designee shall regularly remove and dispose of all chemicals whose estimated shelf life has elapsed. (Education Code 49411)

Hazard Communication Program

The district's written hazard communication program shall include at least the components listed below and shall be available upon request to all employees and their designated representatives. The program shall apply to any hazardous substance which is known to be present in the workplace in such a manner that employees may be exposed

under normal conditions of use or in a reasonably foreseeable emergency resulting from workplace operations. (8 CCR 5194)

1. Container Labeling

No container of hazardous substance, unless exempted by law, shall be accepted by the district or any district school unless labeled, tagged, or marked by the supplier with the identity of the hazardous substance, hazard warning statements, and the name and address of the chemical manufacturer or importer. No label on an incoming container shall be removed or intentionally defaced unless the container is immediately marked with the required information.

Whenever hazardous substances are transferred from their original containers to other containers, the secondary containers shall likewise be labeled with the identity and hazard warning statement, unless the substances are intended only for the immediate use of the employee who performs the transfer.

2. Safety Data Sheets

Upon receiving a hazardous substance or mixture, the Superintendent or designee shall ensure that the manufacturer or importer has furnished a safety data sheet (SDS) as required by law. If the SDS is missing or obviously incomplete, the Superintendent or designee shall, within seven working days of noting the missing or incomplete information, request a new SDS from the manufacturer or importer. If a response is not received within 25 working days, the Superintendent or designee shall send a copy of the district's written inquiry to the California Occupational Safety and Health Division (Cal/OSHA). (8 CCR 5194)

The Superintendent or designee shall maintain the required SDS for each hazardous substance in the workplace and shall ensure that it is readily accessible to employees in their work area during working hours. The SDS may be maintained in paper copy, electronically, or through other means, provided that employees have immediate access and understand how to use the alternative system.

3. Employee Information and Training

Employees shall receive information and training on hazardous substances in their work area at the time of their initial assignment and whenever a new hazard is introduced into their work area. The information and training shall include, but are not limited to, the following topics: (8 CCR 5194)

- a. The requirements of 8 CCR 5194, including employee rights described therein
- b. The location and availability of the district's written hazard communication program, including the list of hazardous materials and all SDS

- c. Any operations in the work area where hazardous substances are present
 - d. The physical and health effects of the hazardous substances in the work area
 - e. Methods and observations that may be used to detect the presence or release of hazardous substances in the work area
 - f. Measures that employees can take to protect themselves from exposure to hazardous substances, including specific procedures the district has implemented to protect employees, such as appropriate work practices, emergency procedures, and personal protective equipment to be used
 - g. How to read and use the labels and SDS
4. List of Hazardous Substances
The written hazard communication program shall include a list of the hazardous substances known to be present in the workplace as a whole or for individual work areas. (8 CCR 5194)
5. Hazardous Nonroutine Tasks
When employees are required to perform hazardous nonroutine tasks or to work on unlabeled pipes that contain hazards, they shall first receive information about the specific hazards to which they may be exposed during this activity and the protective/safety measures which must be used, such as ventilation, respirators, other personal protective equipment, and/or the presence of another employee. They shall also receive information about emergency procedures to follow if accidentally exposed to the hazardous substance.
6. Information to Contractors
To ensure that outside contractors and their employees work safely in district facilities, the Superintendent or designee shall inform contractors of hazardous substances which are present on the site and precautions that they may take to lessen the possibility of exposure. It shall be the contractor's responsibility to disseminate this information to his/her employees and subcontractors.

Chemical Hygiene Plan

The district's chemical hygiene plan shall address exposure to hazardous chemicals in school laboratories and shall include the following components: (8 CCR 5191)

- 1. Standard operating procedures relevant to safety and health considerations to be followed when laboratory work involves the use of hazardous chemicals
- 2. Criteria that the district will use to determine and implement control measures to reduce exposure to hazardous chemicals, including engineering controls, the use of personal protective equipment, and hygiene practices

3. A requirement that protective equipment comply with state regulations and that specific measures be taken to ensure proper and adequate performance of such equipment
4. Provision of specified information at the time of an employee's initial assignment to a work area where hazardous chemicals are present and prior to assignments involving new exposure situations
5. Provision of specified employee training in accordance with the schedule determined by the Superintendent or designee

Site Procedures

Perris High School participates in quarterly safety inspections conducted by campus staff. The purpose of quarterly site inspections is to help identify and evaluate unsafe conditions.

Safety inspections are part of the District's written Injury and Illness Prevention Program.

The safety inspections are documented. The safety inspection checklists are documentation of inspections and include lists of areas inspected, the date of the inspection, name of inspector, signature of site administrator, and action taken to abate hazard.

Safety Inspections are completed, signed, and sent to the District office quarterly for documentation.

Some areas on the checklist include but are not limited to athletic facilities, grounds & fields, multi-use rooms, gymnasiums & theaters.

Perris High School participates in District-wide Hazardous Materials Inspections.

Keenan & Associates, the District's Third Party Administrator for Property and Liability coverage, conducts an annual Hazardous Materials Inventory and Inspection throughout the Perris Union High School District.

The purpose of the inspection is to assist our District in obtaining a current, detailed inventory of hazardous material supplies on school sites and throughout the District and to meet the regulatory requirements under Worker Right-to-Know, Hazardous Materials Disclosure Laws, and as required by Cal/OSHA – CCR, Title 8, Section 5194.

The inventory not only provides information to management, it is also a valuable tool to be used to monitor and control chemicals in the workplace.

The inspection also provides the District with a hazardous materials survey that addresses and identifies specific conditions regarding storage, labeling, compatibility, fire extinguishers, eyewash stations, etc., which were present at the time of the inventory.

Using the chemical inventories District staff put together binders that contain Safety Data Sheets (SDS) for each item listed. These binders can be found in the staff workrooms or lounges, in the science chemical storerooms, and in the custodial closets. In addition, electronic SDS folders have been created and are located at <http://puhsd.ca.schoolsmsds.com>.

Section IV – Recommendations for Improvement Instructions

1) Action Plan “People and Programs” (Component 1)

Site Action Plan (Look at your site data, “Healthy Kids Survey” or any other surveys taken to see if current programs are working. Where do they need to be improved?)

Area of Need: Campus Supervision

Perris High School is structured in a way that does not allow for centralized student supervision because of ongoing construction. This makes it difficult to actively monitor all students during the nutrition and lunch breaks. It is imperative that we continue to place zoning limits and boundaries for students to allow for constant active monitoring for safety and/or discipline concerns. Perris High School has also worked with the Riverside County Sheriff’s Department in the Active Shooter Drill, in an effort to provide a training scenario through which law enforcement becomes familiar with the structure of our site.

Area of Need: On Campus Suspension Room

Perris High School is working on establishing consistency in the policies and procedures in the On Campus Suspension room.

Area of Need: Discipline Policy – Consistent Protocol

Perris High School has established a discipline policy that is consistent with the district governing board and state educational codes. This policy has been posted in every classroom, and students/parents have been made aware of it through the student handbooks and class posters. However, improvements need to be made in making sure that all staff/teachers enforce this policy with the same consistent means.

2) Action Plan “Physical Environment” (Component 2)

Site Action Plan - (Create a physical environment that communicates respect for learning and for individuals.)

Area of Need: Site Evacuation Plans

Perris High School has conducted safety drills including: lockdowns, earthquake shelter-in-place, and fire evacuation. There is an apparent need to continue to educate all staff and students on evacuation protocols, specifically designated evacuation areas. There is a need to continue to practice these drills and make directives/instructions very clear for everyone.

Area of Need: Renovations to Buildings/Structures

Perris High School has ongoing renovation projects. Some of the buildings (4000’s, 5000’s and 9000’s) are newer and have very adequate facilities and safeguards. Others, however, are too small or difficult to access due to the layout of the campus. The Perris Union High School District has been successful in actively seeking to pass legislation that creates funding for modernization and restructuring of our site facilities.
