### **Principal's Message**

I'd like to welcome you to Perris Lake High School's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Perris Lake High School provides a warm, stimulating environment where students are actively involved in learning academics as well as positive values. Students receive a standards-based, challenging curriculum by dedicated professional staff based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency.

We are proud of our students, our school and the communities we serve. Here at The Lake, we have made a commitment to provide the best educational program possible for Perris Lake High School's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together, through our hard work, our students will be challenged to reach their maximum potential.

Mr. Dean P. Hauser, Principal

### **Mission Statement**

The mission of the entire staff at The Lake is to successfully educate all students and to help them develop academic and social skills while nurturing self-confidence in an atmosphere of mutual respect and high expectations. Our most important goal is to create the best conditions possible to assist your son or daughter to graduate either at The Lake or their original high school.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Vacant Teacher Positions	0	0	0

\* Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

All textbooks used in the core curriculum at Perris Lake High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Wednesday, September 18, 2019, the Perris Union High School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 5:11-12 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2019-20 school year, Perris Union High School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

### School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Perris Lake High School's original facilities were built in 1987; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one 5-hour evening custodians are assigned to Perris Lake High School. The custodians are responsible for:

- Classroom cleaning
- General maintenance
- Lunch area setup/cleanup
- Office area cleaning
- Restroom cleaning
- Trash removal

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The principal communicates with custodial staff daily concerning maintenance and school safety issues. District staff ensures the continual attention to interior painting and ceiling tile replacement for all classrooms; removal of old items that can no longer be used towards the goals of Perris Lake; replacement of sinks in student bathrooms; removal of old cables running through offices and classrooms; replacement of computers in both students labs; removal of old furniture throughout the campus; the use of a pressure washer to clean the grounds.

Maintenance:

Perris Lake High School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. Maintenance projects that have been completed during the 2019-20 school year include:

Room 301 has been completely refitted with new materials and old walls removed to create a much bigger Art room. Industrial sink and new windows were added to the room.

MPR has been painted and bathrooms were fitted with new doors/trim.

New roof air conditioner for the 200 building.

Room 204 completely gutted and rebuilt, including floor, wall material, and door (enlarged).

New drinking fountains with bottle support installed.

Ongoing facilities maintenance includes plumbing, electrical and HVAC repairs.

Facilities Inspection

The district's maintenance department inspects Perris Lake High School on an annual basis in accordance with Education Code §17592.72(c)(1). Perris Lake High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on 12/28/2018. During fiscal year 2018-19, all restrooms were fully functional and available for student use at the time of the school inspection.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

##### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	6	4	39	44	50	48
Math	0	0	15	15	38	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2019-20)

##### Parent Involvement

The staff at Perris Lake High School openly encourages parents to volunteer and become involved in their child's education at Perris Lake. Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events. Parents stay informed on upcoming events and school activities through parent conferences and Infinite Campus on-line grade monitoring system. By logging in with your Infinite Campus account, you can see your child's grades and attendance on a daily basis. Infinite Campus is updated on a regular basis. If you do not have an Infinite Campus account, please contact our school receptionist and she will help you to create an account. If you wish to visit your child's classroom or volunteer on campus, please contact Mr. Dean P. Hauser at (951) 657-7357, ext. 30100 for more information on how to become involved in your child's learning environment. Current information can also be found at our website, <http://plhs.puhsd.org/>. Below are a number of opportunities where you can volunteer at Perris Lake:

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan

The Comprehensive School Site Safety Plan was developed for Perris Lake High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in September, 2019.

The objective of Perris Lake High School's Disaster Response & Crisis Management Plan is to provide the maximum practical protection for students and personnel primarily in the event of a disaster. The Lake has a strong school safety team consisting of teachers and classified employees that provide recommendations to administration so that adjustments can be made as the community and student population changes, something that is constant at The Lake. To meet this objective, we have been preparing students and staff to be ready for a disaster or school emergency. Perris Lake students and staff participate in emergency drills once a month with the exception of August and June. The Perris Lake staff continues working with the District to update the emergency response plan and incorporate the National Incident Management System (NIMS). The Perris Union High School District Risk Management Officer maintains a current file of employees who complete Federal Emergency Management Agency (FEMA) courses including: IS 100 (Incident Command for Schools), IS 700 (NIMS) and IS 200 (Incident Command for Single Resources and Initial Action Incidents). These courses provide all staff with the skills necessary for real life emergencies. Perris Lake's Disaster Response & Crisis Management Plan has three major goals: a) To have buildings, furnishings, equipment, and emergency supplies in condition such that injuries and damages will be minimized, and the actions needed in time of disaster may be carried on effectively b) To provide staff and students with appropriate instruction and practice, and parents with information, so as to effectively help each person respond properly in an emergency. c) To set up overall organization and specific procedures to be followed at a time of disaster, including the rendering of aid to victims and the protection and care of students until they can be safely reunited with their parents.

The plan meets the guidelines for California's Standardize Emergency Management System (SEMS). The principal acts as the Incident Commander, with the principal's designee to be appointed in the event that the Incident Commander is unable to perform his duties. To ensure accountability for emergency response procedures, personnel are assigned specific duties to perform in the event of emergencies. These include turning off water, gas, and electricity. Drills are conducted regularly using an Incident Action Plan to pre-plan and determine the object of the drill, along with After Action Reports to document lessons learned. To be more effective during disasters, pre-determined areas will identify the various stations, i.e., student holding, command post, and student release. To ensure that the staff at The Lake can communicate during an emergency, the District has installed repeaters to each school and distributed hand-held radios. Each site now has radios to use for day to day communications as well as a built in emergency communication system. The radios have been incorporated into The Lake's emergency drills. Having qualified and trained staff helps to ensure a safe and secure environment for the student population during the school day and in an emergency/crisis response incident. The Perris Lake staff continues working hard to be ready for all emergency situations. Perris Lake has also assessed the available emergency supplies, and continues compiling necessary supplies for potential emergency situations.

Proper entrance to and exiting from Perris Lake has been effectively created at Perris Lake High School. Because both classified and certificated personnel have report times that are significantly prior to student arrival, locks are in place on all campus gates and all staff members have keys to these specific locks. Time is spent in staff meetings discussing the importance of keeping staff gates locked and not permitting students to enter or exit campus through staff gates, especially the area that leads to the Adult Education classrooms. The main gate to the campus is unlocked at approximately 7:00 a.m. and are re-locked at approximately 8:45 a.m. unless there is an activity taking place that prohibits the gates from being locked at that time. A campus supervisor is assigned a late afternoon shift that ends at 4:00 pm. A single custodial member is on campus until 9:00 pm.

The regular school hours are 8:45a.m. – 2:15 p.m. A single daytime custodian are scheduled during student hours with the focus on picking up trash and maintaining clean restrooms for students and staff. A full team of campus supervisors (4) are also on campus during student hours. All unauthorized persons entering the campus must sign in at the main office and identify their purpose and destination. In addition, parents or guardians picking up students prior to the end of the school day must sign in and be authorized according to emergency card information. All visitors are required to show ID and if they are to exit the main office and onto campus are provided a highly visible "Visitors' Pass" unless they are a district employee.

## Professional Development provided for Teachers

### Staff Development

During the 2019-20 school year, Perris Lake High School staff development will be devoted to:

- Training and implementation of technology in the classroom.
- Data analysis to improve teaching strategies in the classroom.
- Instructional strategies, including the use of specific AVID strategies, that will focus on literacy.

Decisions concerning selection of staff development activities are decided by Administration and the Leadership Team by using tools such as teacher/student input, assessment results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Perris Lake High School supports ongoing professional growth throughout the year whenever possible. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as: 1) a supplement to site-based staff development, 2) reinforcement of or follow-up to previous training, or 3) follow-up training for newly implemented programs/curricula. During the last three school years, Perris Lake High School's teachers attended the following events hosted by the Perris Union High School District and will continue to do so in the present school year, 2019-20.

- Positive Behavior Interventions and Supports Training
- Google Docs, Drive, Mail, Calendar and Chromebook Training
- AVID Instructional Strategies Training
- Professional Learning Communities Training
- Academic Vocabulary Training that focused on clarity/literature.
- Common Core State Standards Training
- Planning for Student Success Training

Perris Lake High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

## Career Technical Education Programs

Workforce Preparation

Career Technical Education Programs (CTE) are offered in partnership with Riverside County Office of Education. A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education.

Students of Perris Lake High School have access to a wide variety of CTE courses off campus through the RCOE-CTE partnership.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
