HIGH SCHOOL GRADUATION REQUIREMENTS

Notifications

Requirements for graduation and specified alternative means for completing the prescribed course of study shall be made available to students, parents/guardians, and the public. (Education Code [51225.3](#))

Students shall be required to complete a Federal Application for Student Assistance (FAFSA) or California Dream Act application as part of their high school graduation requirements. The student's high school will identify which students have fulfilled this requirement as indicated by the California Student Aid Commission Report that is generated weekly by the California Student Aid Commission for California high schools.

There may be a number of different reasons why some parents or students may not want to fill out either the Federal Assistance for Student Aid (FAFSA) or the California Dream Act application therefore, these parents/students will have the option to fill out an "Opt Out Form" that would release them from fulfilling this graduation requirement. This form will be available at all of the high schools within Perris Union High School District.
