2019 DISNEYLAND® RESORT GRAD NITE POLICIES & EXPECTATIONS

It is the school's responsibility to ensure that all students and chaperones attending Grad Nite arrive at the *Disneyland®* Resort (the "Resort") sober and without any drugs, alcohol, or other prohibited items in their possession. We expect schools to conduct thorough bag checks and student screenings before allowing students to board buses for Grad Nite. Similar to the security screening process for all Resort guests, students and chaperones should expect bag checks and magnetometer screenings at the Resort's backstage screening area.

In conjunction with the Anaheim Police Department, we will also be conducting screenings for banned substances. Screenings will include bag searches and the use of drug-sniffing canines. If bag searches and/or the drug-sniffing canines indicate the presence of any illegal substance, we will ask the subject student or chaperone for permission to conduct a pat-down search.

If any banned substances are found on the bus or in the possession of a student or chaperone, the matter will be turned over to the Anaheim Police Department for further action. Schools/groups that violate this policy are subject to be banned from future Grad Nite events. Attending Grad Nite is not a right, it's a privilege.

All chaperones attending Grad Nite must be age 25 or older. Chaperones are expected to provide responsible adult supervision both during the day and evening hours of Grad Nite. Therefore, chaperones should not consume alcoholic beverages during their visit to the Resort for Grad Nite. Chaperones violating this policy will not be allowed into the Grad Nite private event and may jeopardize future Grad Nite registrations for their school.

All students attending Grad Nite must be graduating high school seniors that are in good standing with their school. Each student and chaperone attending Grad Nite is responsible for his/her own ticket throughout the duration of the visit. Tickets are not transferable and will not be replaced if lost, damaged or stolen. Students and chaperones will also receive an event wristband upon arrival to the Grad Nite screening location. As a reminder, all students must arrive together with their school in buses, large vans or chaperone-driven vehicles.

Children of chaperones and/or students will not be allowed to attend regular park hours or the Grad Nite private event using any type of Grad Nite ticket package (i.e.: paid student, chaperone or complimentary chaperone ticket). If a student or a chaperone is

seen with a child during the private party, they will be asked to leave immediately. Please leave all children at home.

To ensure a safe and enjoyable experience for all Grad Nite attendees and other park guests, please respect the park rules as well as the following rules:

If a student or chaperone is ejected from the Resort or Grad Nite, it is the responsibility of the school official(s) to dismiss the student or chaperone from the Resort property.

However, we ask that all prescription and over-the-counter medication for students be carried in by a chaperone from the school through the Resort security screening area. Medication may be given back to the student after clearing the security screening process. Any medication needing refrigeration may be stored at *Disney California Adventure®* Park First Aid.
