wellness program, where they assess students and bring them to the wellness center for daily support. They have gone above and beyond the role of campus supervisors, meeting students between passing periods and lunch to discuss the wellness temperature of the campus and update each other on the mood and temperament of individual students. 9.4 CSEA President Nathanael Nash

CSEA President Nathanael Nash shared the following statements:

- "I would like first to thank you for the Invocation for our member, Ms. Valdez. She was a great friend of mine, as she was the life of many of the classrooms she served in this District."

ORAL REPORTS (cont.)

- "As you know, CSEA represents a group of district employees who work in various positions throughout the District, such as custodians, para-educators, and nutrition service assistants. Since CSEA's role is to advocate for our members, we have been able to do this with ease through the collaborative relationship that we have built and fostered with the District. We appreciate the many opportunities we get to sit down with the District to discuss issues, find solutions, and so much more. I don't know if you know, but many of our association chapters in our region do not have this opportunity or anything close to it. And for that, I would like to express my gratitude to the District for this. I look forward to continuing to foster this great relationship as we progress."
- "I'm also thankful that the District would like to continue to work with the Appreciating Classified Employees program. That program is called ACE and takes place during Classified School Employees Week. I will have more on that topic next month as we get closer to May."
- "I would like to touch base on our new contract. CSEA and the District have agreed on our three-year successor contract. I have been notified that, at this time, it's going through the final stages of CSEA's 610 policy for review and should be making its way back to our chapter members within the next week so that it can be voted on, ratified, and returned to the school board for the next board meeting."

9.5 PSEA President Jason Miller

PSEA President Jason Miller shared the following statements:

- "Congratulations to all the Rave Award winners. Our campus supervisors are critical in keeping our campus safe."
- "It's that time when the staff starts thinking about next year and transitioning out of this school year. PSEA believes it is important to continue communication with staff about different things. We have that communication, and we want it to continue. Communication is important to staff. This tends to fall into the categories of changes and implementation of new policies or protocols, specifically for teachers. Our teachers want to know as soon as possible what they are teaching and if there is a change in the classes they are teaching. So that's very important at this time."
- "I have been visiting different school sites as an outreach to members, as have many of you, and it has been a wonderful experience to meet with employees to find out how things are going. Outreach can be a powerful tool for communicating with people. Thank you to the cabinet for visiting the different sites to provide breakfasts. Our members really appreciate it at the sites that you've been to. It allows our members to get to know all of you. I know all of you, but only a few of our members know of you or get to see you. And when they see you there, it's essential, and they love it. I know that the cabinet and board members have been visiting different sites, and I encourage us all to continue doing what is important to put a face to a name we mostly see in an email. It is important for leaders, myself included, to be connected positively to those that we lead. Thank you for the time to speak."

9.6 Comments by the Board of Trustees

ORAL REPORTS (cont.)

Trustee Nelissen expressed his condolences for the loss of one of our employees, a paraeducator who lost her life yesterday in a car accident. He expressed his condolences to the family and said they were in his prayers.

Trustee Campos also expressed condolences to the Valdez family and will be praying for them.

In addition, Trustee Campos congratulated the campus supervisors at Perris Lake for their recognition. He also congratulated all the athletes for all their accomplishments stating that being an athlete, sometimes people perceive them as not being more academically capable. However, they work hard academically in the classroom and on the field.

Trustee Campos felt that the FAFSA Fiesta at Heritage was an excellent idea. Being born to immigrant parents, he had to fill out his own FAFSA application. Having the staff there to help is fantastic.

Trustee Campos visited the following campuses: Paloma Valley High School, Heritage High School, and Liberty High School on February 17th. He was able to meet with different administrators at each site and visited various classrooms taking the opportunity to speak with a number of teachers. He was very impressed with the different programs at each site. Specifically, he was excited to see the number of CTE classes that were available, stating he did not have those opportunities when he was in high school. Trustee Campos thanked Dr. Thomasian, Chad Goodwin, and Mr. Bennett for being great tour guides and looks forward to visiting the other schools in the District.

Lastly, Trustee Campos shared that he, and Trustee Garcia, recently attended a school board dinner. Mr. Campos commented that there were quite a number of recently elected school board members within Riverside County, and it was nice to connect with them. He stated that learning from other school board members in various areas is essential and showed the importance of getting out, networking with different people to get ideas, seeing what they're doing, and bringing it back here to help make improvements where needed.

Trustee Garcia stated that it is exciting to see campus supervisors get acknowledged and mentioned that he would like to see the RAVE Awards become a tradition. The campus supervisors do an amazing job, and the Board values and appreciates them for all their hard work.

In addition, Trustee Garcia stated that all of the students that are doing sports are phenomenal. He pointed out that he follows John Phillips on social media and is constantly posting their wrestling team's successes, which is inspiring.

Lastly, Trustee Garcia noted that at last month's meeting, he stated he would like to see CSEA negotiate security and have eight hours across the board so there is consistency. This would help tighten up some of the loopholes and complaints that are received about not having enough visibility or enough people to take action. He told Mr. Nash that he would also like to see CSEA advocate for that. Trustee Garcia also stated that he agrees with Mr. Miller in that teachers need to know information as soon as possible and have the right to

ORAL REPORTS (cont.)

know who will be moved around.

Trustee Vallejo congratulated Dr. Tejeda on her principal award. She acknowledged Perris Lake indicating she was pleased to see the offering of music therapy, meditation, and other activities that were noted in the video. She indicated that she would be in attendance at the Perris High dedication ceremony on Saturday. The City of Perris has a Breakfast with Bunny event on April 1st and encourages everyone to attend. Lastly, the City of Perris has a teen center that offers good after-school programs and, again, encourages everyone to let teens know of those opportunities.

Trustee Stafford thanked Mr. Bennett for his leadership and for the things that are getting accomplished. They have some tough conversations and can see the District's progress. He thanked the unions for their support, for being there for their employees, and for letting the certificated and the classified staff know they're important. Trustee Stafford mentioned there is currently one city that is about to go on strike. He commented that we all are interconnected. He welcomed and thanked the deputy in attendance. He also thanked the Cabinet for being patient with the Board and explained that he knows they are tough and ask many questions, but that's what they are there for.

INVITATION TO ADDRESS THE BOARD OF TRUSTEES

10.1 INVITATION TO ADDRESS THE BOARD OF TRUSTEES: Non-Agendized Items

Kimberly Iverson, a community member, made the following statement:

"Good evening, everyone. To the cabinet members, the board, and Mr. Benentt. I started here with a different agenda. Yesterday, I got a disturbing call from Heritage's health tech. And in our conversation, it was very grievous words with that health tech and the assistant principal. So I already knew how a board meeting ran because I had been attending board meetings for about a few months. So I was coming here with my, I don't want to say guns blazing, but my fist in the air. And I was coming as a lion protecting my cub. But my agenda is different because I know something will always be going on, and it's never perfect within a school district. I'm an educator myself. But I am pleased to say that I met with Principal Chavez this morning. I was told my son had ingested something he should not have. He entered the health office at 2:06 pm, feeling dizzy and tired. I got a call at 2:23 pm, so only 15, 16 minutes, they had decided that my son had taken some drug. It is very well documented that he has health issues, different allergies, asthma, and all these things and medication at the school, but instead of going through his medical record, how did you get to that? But as I said, I'm coming with a softer tone today because of Principal Chavez. An assistant superintendent called me today. I'm coming with a softer tone than yesterday and this morning because it reminded me of a proverb that a soft answer turns away wrath, but harsh words stir up anger. An assistant principal and the health tech were stirring up wrath. I had it all laid out, the violated board policy and the timeframe. I was ready. I'm an educator and learned something today: we need grace with one another. I have to look at you guys; you guys have families and troubles. I want you guys to look at my child and me and that we have these things too, and every day we don't wake up on the right side of the bed. I want us to take the time to have passion and do it from the heart

to start looking at people as people, not just numbers. This is not a prison. We're trying to get kids where they're not going to prison. Thank you."
