7.4 CMITA President Angel Love-Behrens

CMITA President Angel Love-Behrens shared the following statement:

"Greetings, Board of Trustees, Cabinet, and our esteemed new Superintendent, Dr. Araux.

We are off to a great start to a new school year under Dr. Dodson's direction and leadership. Common ground and conversations are quickly building, as is normalizing the day-to-day business of educating and developing the culture, mindset, and futures of our students.

As the President of CMITA, I hope we will be able to close out negotiations that still remain from last year. My concerns lead me to the delay that occurred last year with Sunshine articles. To reiterate, what we're negotiating tomorrow morning at 8:30 is last year's Sunshines. We still need to open and negotiate two articles plus pay and benefits going forward. The last but very important issues still on the table are Article 15, Compensation and Benefits, as well as Article 10, Leaves of Absences. This process has been time-consuming, to say the least. We started last January being aware of the budget restraints. We know we need to be strategic and mindful of what we are willing to dig in our heels on and fight for. Stipends and pay are unequal and are both vastly under what PSEA and their members within the District have, compared to our members. For example, our Cross Country coach at CMI has 62 athletes with one coach and is allotted only one assistant coach. Let me add that our stipends are much lower than those of other schools, not just in this district. We struggle to attract coaches to fill the positions needed to fairly and equitably coach both the boys and the girls' sports in many areas.

For the safety of our members, we NEED Industrial Accident Leave. Currently, our members must use their own sick time if injured on campus by ill-maintained facilities or any type of industrial accident that may harm us unless we are put on 14 consecutive days of disability by a medical doctor. We have repeatedly asked in negotiations to present the costs associated with this inclusion into our CBA. Last spring, we asked for the information, and nothing was provided. As we are heading into negotiations tomorrow morning at 8:30, I want to publicly ask for that information. Simply being put off for the next meeting is not productive and a waste of time for everyone. At the June board meeting, I quoted a few statements that we have heard repeatedly about these articles, especially when it came to equal stipends or at least more compensated stipends and our industrial accident leave, "The charter does not wish to take on any additional financial commitment at this time." "The Board of Trustees has not authorized this," meaning the industrial accident leave of Article 10. In addition, we asked what the premium costs are for our worker's compensation insurance. We were told it was 3.5% district-wide, including us. If this indeed is the cost, why can we not have industrial accident leave that is equal to PSEA's? When this was asked in negotiations, we were told simply, "We can't". The excuse that the financial costs cannot be taken on at this time does not hold water. This is a good representation of the different levels of bias the certificated staff at CMI is viewed. CMITA members have been valued by the additions to our CBA over the last couple of years. We have made great strides because of you. This is one of the key remaining areas that we will continue to work and push for through the coveted process of

negotiations. We

are confident that the "Charter," supported by the Board of Trustees and our Superintendent, Dr. Araux, we can find common ground to ratify our new CBA. Thank you."

7.5 Principal's Update

Dr. Michael Dodson, Principal, shared the following with the Board of Trustees and Cabinet:

- CMI received over 250 new applications for this year, and enrollment stands at 1,033 student cadets. Dr. Dodson reiterated that while enrollment is important, CMI's capture rate is also extremely important. At this time, CMI has the highest attendance figures. The attendance rate increased from 95.21 percent in August last year to 96 for the same time this year, an increase of about 1.11 percentage points.
- Academically, students are finishing up the first six-week grading period, utilizing dedicated intervention time to improve academic achievement and prepare for college and career readiness. This is the largest senior class in CMI history, with 136 senior cadets.
- CMI recently held its first LPAC meeting of the year. During LPAC, 141 students were tested, 48 of whom were reclassified or re-designated. There are upcoming plans to celebrate all of the students' success.
- CMI also had its first military advisory council of the school year with General Cross. Dr. Dodson reported that there was quite a bit of discussion regarding the cadre with the civilians. He also stated that one of his priorities is to bring both sides together to include the military personnel more and get them more involved with silver civilian personnel at the school.
- General Cross will be on campus next Friday. CMI is presenting former principal Dr. Milosavljevic with an award presentation for his service at CMI. November 6th will be CMI's first Pass in Review. Dr. Dodson formally invited the Board and Cabinet to both of these events.
